

INDICT UNITED MINE WORKER OFFICIALS

President White and Eight-
een Other Officials In-
dicted in Federal Court

CONSPIRACY CHARGED

Defendants are Charged With
Violating the Sherman
Anti-Trust Law

CONSPIRED WITH OPERATORS?

CHARLESTON, W. VA., JUNE 7.—President John P. White and eighteen other officials of the United Mine Workers of America were indicted in the federal court here today on a charge of violating the Sherman anti-trust law. It is alleged the defendants conspired with the coal operators of western Pennsylvania, Ohio, Indiana and Illinois to raise wages in the West Virginia coal fields so as to prevent its competition with the other four states in the western market.

Those named in the indictment are: John P. White, president; Frank J. Hayes, vice-president; Thomas Haggerty, Joseph Vasey, James Cantrell, Charles Hatley, Marco Roman, George H. Edmonds and Benjamin F. Morris, organizers of the United Mine Workers of America; Thomas Cairns, president; Clarence C. Griffith, vice-president; James M. Crago, secretary of district No. 17 United Mine Workers of America and James Diana, John Nutter, Rome Mitchell, W. S. Reese, F. D. Stanley, W. S. Cantley and A. D. Lander, subordinate officers of district No. 17.

Alleged to Have Started Sept., 1912.
The indictments charged that the nineteen men affiliated with the United Mine Workers of America, did in Kanawha county, West Virginia and within the jurisdiction of the federal district court engage in a combination and conspiracy in restraint of trade and commerce in the several states. The offense is said to have started Sept. 1st, 1912 and continued since.

It is charged that the indicted men have been agents and members of "an unincorporated, voluntary, organization of individuals as a labor union known as the United Mine Workers of America, having many thousands of members who unlawfully combined and conspired together with the object and intent of unionizing and making members of said organization the laborers employed in and around the coal mines of the state of West Virginia in order that and with the intent that said organization by regulating the wage to be paid to said laborers for their work could and would fix and control the price at which the coal mined in the state of West Virginia could compete with coal mined in the western part of Pennsylvania, and in the states of Ohio, Indiana and Illinois in the markets of the states of the United States outside of West Virginia.

Organize to Restrict Sale.
The indictment alleges that coal produced in West Virginia, especially Kanawha county is shipped in competition with coal mined in other states of the competitive field to the cities of Cincinnati, Columbus, Toledo and Cleveland, Ohio, Detroit, Indianapolis and Chicago and that the contemplated organization of the West Virginia miners is to restrict the sale of the West Virginia coal in these markets.

It is further stated that not more than 15 per cent of the coal output of West Virginia is consumed within the state and the balance is shipped to other markets in Ohio, Indiana, Illinois, Michigan and Wisconsin.

"The object and purpose of the United Mine Workers is to fix wages to be paid to laborers and to refuse to allow said laborers to work unless said wages are paid," the complaint further reads.

Continuing it is stated the organization fixes the wages of the miners of Pennsylvania, Indiana and Ohio and it now intends to unionize the miners in West Virginia and if successful to fix the price at which coal of West Virginia should be sold in the outside markets named, thus permitting the competitive states to compete more favorably in the western markets with the products shipped from West Virginia.

Sharp Competition.
It is contended in the indictment that there has been acute competition of the operators of West Virginia and the operators of Pennsylvania, Ohio, Indiana and Illinois for the markets in Canada and the Great Lakes trade. It is charged that the mines in the competitive states are unionized dominated by the United Mine Workers and the coal operators of Pennsylvania, Ohio, Indiana and Illinois have entered into a combination and conspiracy with the miners' union wherein the alleged conspirators have agreed to prohibit the coal mined in West Virginia from entering the lake markets and Canada.

Resulted in Lawlessness.
The alleged conspiracy, it is stated,

ed, has resulted in much violence and lawlessness at the mines of the West Virginia operators on Paint and Cabin creeks. Loss of life and destruction of property necessitated martial law.

The indictments returned today are said to be the first ever made against the officials of the United Mine Workers of America charging them with violating the Sherman anti-trust law. It was commented tonight that the indictments came at a time when federal legislation is pending exempting labor unions from the provisions of the Sherman law.

The information upon which the indictment is based is said to have been the result of an extended probe into conditions by District Attorney Reitz of Bluefield, W. Va., and his assistant, H. D. Rummel of Charleston.

The indicted men, it is said, will be summoned into court during the coming week.

Action Comes as Surprise.
Indianapolis, Ind., June 7.—"That's the old, old wail of all operators make when they try to keep us from organizing the miners," Frank J. Hayes, vice-president of the United Mine Workers of America, exclaimed tonight when told of the indictments returned against the officials of the organization in West Virginia. He said the action was a surprise for while the officers were expecting the operators to ask for an injunction to restrain them from organizing the miners in parts of West Virginia, the indictments were not looked for.

"It is a move on the part of some operators," Mr. Hayes continued, to draw attention away from the real condition of affairs in West Virginia. Our organization never has conspired to raise the wages in West Virginia or elsewhere. We have only asked the regular scale for the miners and have been for some time experiencing trouble with the operators in organizing the men in certain parts of the state. We have nothing to do with the fixing of the price at which the coal is sold.

Conspiracy Charge Untrue.
"To show that the charges of conspiracy to raise wages in order to prevent the competition of the coal companies in western markets is untrue, I can point to the fact that at the present time and for a number of years ten thousand miners under contract with the United Mine Workers of America have been working in certain parts of West Virginia. The operators who employ these men are perfectly satisfied and are selling their products in all parts of the country. It is ridiculous to think that we would in any manner to injure the industry for when we did we would injure our men just as greatly.

"We are not frightened at the charges and are not going to run. I will leave here Monday morning for West Virginia. I'll run to them to see whether West Virginia is in America or Russia."

Mr. Hayes said that today he had talked with other officials in Virginia over the long distance telephone and was given no intimation that the mine workers' activities were being investigated by the grand jury.

Denies Conspiracy Charge.
Indianapolis, Ind., June 7.—"It is ridiculous," thus Edwin Perry, secretary and treasurer of the United Mine Workers of America tonight expressed himself when informed of the indictments returned against the mine workers' officials in Charleston, W. Va.

"We have never conspired in any way against the West Virginia operators and have only tried to see that the miners there received fair compensation for their work. In the matter of wages we always were willing to leave it to disinterested parties and were ready to take a reduction in the scale if facts warranted. The West Virginia operators always have fought our attempts to unionize the miners and we felt that under those conditions it was impossible for the men to receive just wages."

Mr. Perry had just returned from a trip in the west.

President John P. White is in Cumberland, Md., his family said tonight and Frank J. Hayes, vice president could not be located, though he is said to be in Indianapolis.

The officials visited the West Virginia mining regions about a month ago.

ILLINOIS FIRES COST PROPERTY OWNERS OF STATE \$1,281,414

Chicago Loss Last Month Was \$569,079, While Down-State Loss Was \$712,339.

Springfield, Ill., June 7.—Fires in Illinois cost the property owners of the state \$1,281,414, during the month of May, according to a report issued today from the office of the state fire marshal.

The property damage in Chicago alone amounted to \$569,079 while the down-state loss was \$712,339.

The loss was occasioned by 668 fires, 201 of which were in Chicago. Lightning was given as the origin of 46 fires, sparks caused 69 blazes while incendiaries were responsible for 22 fires.

FRENCH PRESIDENT SEES NAVAL MANEUVER

Toulon, France, June 7.—President Poincaré, on the armored cruiser Julius Marquet, watched the naval maneuvers today. A remarkable feature of the maneuvers was the work of the submarines. In their final attack the subsucceeded in torpedoing the president's cruiser several times.

Great crowds at Toulon cheered the president as no former president has been cheered.

FAMOUS POLO PLAYER MEETS WITH ACCIDENT

FOXHALL KEENE BREAKS COLLAR
BONE IN FALL WITH PONY

Captain of Team Which Will Meet
British Challengers For International
Practice Tuesday Injured in
Last Practice Before Match—Reduces
America's Chances of Winning.

HEMPSTED, N. Y., JUNE 7.—Accident today deprived the American polo team of its leader and most brilliant performer, Foxhall P. Keene, ranking high among the famous polo players of the world and only three days appointed captain of the team which will meet the British challengers for the international trophy next Tuesday, was thrown from his pony at Meadowbrook during what was planned to be the last practice game before the international match, his collar bone was broken. The accident to the brilliant American polo player caused intense excitement at the field where the practice play was being watched by a large crowd. Riding with all his customary dash and brilliancy, Keene was endeavoring to prevent the opposing players from scoring and in making a sharp turn at the goal posts his pony slipped and fell. Keene was thrown and his pony, turning a complete somersault, rolled partly over him. He lay stunned for some moments and then was taken in an automobile to the Meadowbrook club house where the broken bone was set. The bone broken today, his left collar bone, is the same one he injured some years ago on the hunting field.

TO ENFORCE COLLECTION OF ALLEGED UNPAID TAXES

Suit is Filed Against Chicago, Rock
Island and Pacific R. Co. to
Enforce Collection of \$15,559,400.

Des Moines, Ia., June 7.—Under their contract with the Polk county board of supervisors, George S. Wright and Addison G. Kistie, Council Bluffs attorneys filed a suit in the district court today against the Chicago, Rock Island and Pacific railroad company to enforce the collection of \$15,559,400 in alleged unpaid taxes. Interests of six per cent, together with a 50 per cent statutory penalty is demanded. The action was brought in the name of P. H. Martin, county treasurer. The Greater Des Moines committee has filed suit against the attorneys to have the contract set aside, but the hearing has not yet been set.

In their suit against the company the attorneys charge that it has fraudulently, knowingly and in direct violation of the law, omitted from assessment for the last five years monies, credits and corporation stock valued at \$100,000,000, one-fourth of which is taxable under the Iowa statute and together with interest amounts to the sum sued for.

CHARGED WITH SENDING "BLACK HAND" LETTER TO PRESIDENT

Officer Who Makes Capture of Italian
Declares Reports That Prisoner
Had Confessed Were Erroneous

Cleveland, O., June 7.—Guiseppi Pomaro, arrested at Youngstown, O., today, charged with sending a "black hand" letter to President Wilson demanding \$5,000, was brought here tonight and lodged in the Cuyahoga county jail. Following his arrest, Pomaro was taken to Warren, O., this afternoon and on being arraigned before United States Commissioner Gilmer, the very amount he is alleged to have asked on the president, he was unable to arrange bail. United States Secret Service Operative Washer, who took Pomaro into custody, said tonight that reports that his prisoner had confessed were erroneous.

GRAND RAPIDS WINS TRACK AND FIELD MEET

Lansing, Mich., June 7.—Grand Rapids won the seventh annual Michigan inter-scholastic track and field meet at Michigan Agricultural college this afternoon with a total of 21 2-3 points.

Nineteen schools entered the meet. New state inter-scholastic records were made in the 44 yard dash and the mile run, the former being won by Van Aken of Cold Water in 52 2-5 seconds and the latter by Sheldorf of West Branch in 4:03 3-5.

CHILDREN'S PETITION

Washington, June 7.—A petition signed by 60,000 Oregon school children expressing the desire that the battleship Oregon be detailed to lead the parade through the Panama canal at its formal opening reached Secretary Daniels today. Mr. Daniels said the navy department had given no consideration to the form of naval representation in the ceremonies that may mark the formal opening of the canal.

MONTGOMERY DRYD WIX.

Montgomery, Mo., June 7.—The local option election in Montgomery county today resulted in a decisive victory for the temperance forces. Many churches supporting the temperance cause held prayer meetings continuously during the day.

REBELS HOLD ALL TOWNS IN NUEVO LEON

ENTIRE STATE REPORTED IN HANDS
OF REBELS UNDER MAJOR URIBE

Commander Reports Capture of Six
Villages and Towns Attended
With Considerable Federal Loss
—Issues Orders Not to Molest
Foreigners.

EAGLE PASS, TEXAS, JUNE 7.—Montemorelos, Cerralvo, Pesqueira, Bravo and San Juan, all towns and villages in the state of Nuevo Leon, Mexico, have fallen into the hands of the rebels, according to reports made today to Governor Carranza, leader of the rebellious Mexican forces in the north. Carranza's headquarters are at Piedras Negras, opposite Eagle Pass.

Major Uribe, commander of the rebels in Nuevo Leon, whose men captured the six places reported to the governor that the skirmishes had been attended with considerable federal loss. No mention was made of Uribe's casualties. Carranza today issued a decree directing his subordinates not to molest foreigners, and promising punishment to all who disobeyed.

Successful Impersonator.
Douglas, Ariz., June 7.—George Bogartis, a Mexican rancher of wealth, attributes his personal safety and the possession of his money to his success at female impersonation. He arrived here today to relate how by donning women's clothes he escaped bandits who had demanded his money.

Captured near Oputo, Senora Bogartis was ordered to pay \$5,000 for his life. He took the bandits to his ranch house and told them to wait outside while he fetched the money. In the house he put on women's clothing and secreting his money, boldly passed through the picket lines which had been placed about the premises. The bandits doffed their big hats as the supposed woman passed and the rancher safely made his way to the border, depositing his money in a local bank here.

CHICAGO DETECTIVES HAVE LONG WAIT FOR SUSPECTS

"Cub" Police Porter With Large
Crowd Waits Outside House to see
Expected Battle.

Chicago, June 7.—A number of loots packed in a suit case, a bottle of chloroform, a quantity of jewelry and a package of tablets thought to be poisonous were found in a room she had rented to two men, by Mrs. Vivian Hammond, a West Side landlady. Mrs. Hammond notified the police and two detectives immediately were assigned to the case.

The detectives, James Russell and John Kernan, went to the room and concealed themselves. Kernan in the closet and Russell behind the bed, with the intention of surprising the suspected lodgers when they returned. The officers aly in wait with their revolvers cocked and ready while hours passed.

Meanwhile a "cub" police reporter had heard the orders given at the police station. He notified his paper and his friends and while Russell and Kernan were hiding in the room a large force of reporters, newspaper photographers and curious persons attracted by the congregation were waiting outside the house to see the expected desperate battle.

When the detectives were informed of the state of affairs they sent to the police station for aid to disperse the crowd. Their vigil was rewarded after nine hours by the return to the room of Adolph Nehrkorn and Frank Nehrkorn, brothers, 23 and 16 years old. The men surrendered without resistance and said they were employed as bakers. Police are investigating their story.

MANAGER ROWLAND FINED FOR VIOLATING PLAYER LIMIT RULE

President Tearney Imposes Fine of
\$50 on Manager of Dubuque
Club.

Chicago, June 7.—President Tearney of the Three Eye league tonight imposed a fine of \$50 on Manager Rowland of the Dubuque club for violating the player limit rule, which says no club shall carry more than fourteen men. The Dubuque club, President Tearney asserts, was carrying fifteen players.

"I am very much interested in this rule which means the success of a club in a minor league and I mean to enforce it," President Tearney said. "I have no doubt that Manager Rowland did not intentionally violate the rule so I made the fine as light as possible. Under the league rules, I should fine the club \$50 for each game played while more than fourteen men were carried and forfeit the games."

POPE WRITES LETTER TO GERMAN EMPEROR

Rome, June 7.—The pope has written an autograph letter of felicitation to the German emperor on the occasion of the twenty-fifth anniversary of the emperor's reign. The letter will be presented by Cardinal Ropp.

King Victor Emmanuel has also sent a letter to the emperor in which he said that he hoped to renew his greetings shortly when returning with the queen from a visit to the Swedish sovereigns.

INDICTMENTS HAVE BEEN DISMISSED

ARE QUASHED AT INSTANCE OF
DEPARTMENT OF JUSTICE

Criminal Proceedings Were Started
Against Fourteen Secretaries and
Former Secretaries of Lumber As-
sociations—Five Suits Still Pending.

CHICAGO, JUNE 7.—Criminal indictments against fourteen secretaries and former secretaries of lumber associations throughout the country have been dismissed at the instance of the department of justice, it was learned today. Five civil suits filed by the government for the dissolution of the alleged "lumber trust" are still pending.

The indictments were returned in Chicago in 1911 and charged the defendants representing fourteen associations with conspiracy to restrain trade. An alleged blacklist figured largely in the testimony given in the grand jury. Later the five civil suits were filed and these it is said eventually will come to trial.

The indictments were quashed by United States Judge Carpenter at the request of district attorney, James E. Wilkerson who acted on instructions from Washington.

According to statements by counsel for the defendants the government found that its hearing on indictments was insufficient.

Most of the men indicted no longer are secretaries of lumber associations. Their names are: William P. Sweet, Michigan; William P. Hollis, Minnesota; Harry A. Gorsuch, Missouri; Harry C. Seacore, Indiana; Bird Critchfield, Nebraska; E. E. Hall, Nebraska; H. H. Hemmaway, California; Louis L. Hellman, Colorado; H. C. Adams, Ohio; A. L. Porter, Washington; H. F. Bransford, Tennessee; A. C. Righter, Pennsylvania; Arthur H. L. Holmes, Michigan and B. N. Hayward, Ohio.

POLICE HAVE EXCITING CHASE AFTER YOUNG BANDITS

Mounted Policeman Chases Sixteen
Year Old Hold Up Man Nearly
Half Mile Before Capturing Him.

Chicago, June 7.—A shooting scene which might have been materialization of a "drama" of a moving picture film occurred in real life here today.

Michael Yanahan, aged 16 years and Homer Scott, somewhat older, had just robbed the saloon of Theodore Lencioni of \$55 at the points of their pistols. It is alleged, when the alarm was given and Mounted Policeman Thomas Johnson followed by an automobile patrol loaded with bluecoats took up the chase. Johnson, joined by another mounted officer, chased Yanahan for half a mile in the outskirts of the city when the latter became nearly exhausted and opened fire on Johnson.

Johnson fired twice, both bullets entering the fugitive's left arm. The latter fell but resumed shooting and Johnson's next bullet caught him in the right side, inflicting a fatal wound.

Meanwhile the patrol after a mad dash over bad pavements overtook and captured Scott without resorting to the use of fire arms.

VOLCANOE ALONG ALASKA PENINSULA IN ERUPTION

News of the Activity is Brought By
Mail Steamer Which Arrived At
Seward.

Seward, Alaska, June 7.—All the volcanoes along the Alaska Peninsula and adjacent islands, as far westward as Unimak Pass, are in eruption, emitting flames and dense volumes of smoke. News of the activity was brought by the mail steamer Dora, which arrived today from her monthly voyage to Dutch Harbor.

Mount Shishaldin on Unimak Island was shooting flames high into the air and Mounts Pavlov and McCushion were smoking when the steamer passed them. Mount Katmai, which was in violent eruption just a year ago and covered fertile Kidiak Island with a thick layer of ash, is sending up a great column of smoke, filling the heavens with a haze discernable at Seward. Doubt, Ilamna and St. Augustine volcanoes on the west side of Cook Inlet are showing unusual signs of activity, smoke in great volume pouring out of their craters.

FURNISH BONDS OF \$50,000.

Chicago, June 7.—Bonds of \$50,000 were furnished today for Mrs. Louise Van Keuren, alleged slayer of her husband and she was given her freedom pending trial.

Mrs. Van Keuren, who had been separated from her husband, said that she mistook him for a burglar when she fired. William C. Sear, father of the accused woman, was one of the bondsmen and scheduled \$178,000 in property.

BANK ROBBER CAPTURED.

Joliet, Ill., June 7.—Arthur Nostrom, a former inmate of the Kankakee Asylum, was arrested by four policemen after a desperate struggle, while, it is alleged, he was attempting to rob an Italian bank conducted by Hunzio Dilorrenzo today. A rear window had been forced open and an entrance obtained when he was discovered. He had not yet had time to make an attempt on the vaults.

MANY REQUESTS FROM CIVIL WAR VETERANS

HUNDREDS DESIRE TO ATTEND
GETTYSBURG CELEBRATION

General Assembly Has Appropriated
\$30,000 to Defray Expenses of Old
Soldiers of Illinois Who Desire to
Make Trip and the Applications
Are Coming in Fast.

SPRINGFIELD, ILL., JUNE 7.—Adjutant General Dickson has had applications from 540 veterans of the battle of Gettysburg who wish to avail themselves of the opportunity to attend the Gettysburg celebration as guests of the state on July 1st, 2nd, 3rd and 4th.

The forty-eighth general assembly appropriated \$30,000 to defray the expenses of the old soldiers of Illinois who desire to attend the anniversary celebration of the great battle, to be held at Gettysburg, Pennsylvania. The bill making the appropriation provides that each veteran shall be furnished with round trip transportation from his home town to Gettysburg and that in addition each old soldier shall be given \$10 in cash for expenses. The \$10 in cash for each veteran is to be paid to him through the county clerk in the county where he resides.

Adjutant General Dickson has perfected a plan by which each veteran will receive his railroad transportation upon an order issued from the adjutant general's office.

In order to safeguard the appropriation and prevent persons not entitled to be benefited by it from securing transportation that they are entitled to, General Dickson has sent out a blank form of application, which the veterans are required to answer and return before they are eligible to receive the benefits of the appropriation. The last application must be received in the adjutant general's office not later than June 15th.

The appropriation for the trip is available for the wearers of the gray as well as of the blue. Of the 540 who have applied to General Dickson up to this time 12 were confederates.

AUSTRALASIAN PLAYERS DEFEAT AMERICANS 3 TO 2

Thunderstorm Which Interrupted
Play and Deaden the Court Said
to Be Responsible For American's
Defeat.

West Side Tennis Club, New York, June 7.—In the most sensational tennis match ever seen in a Davis cup competition in this country, Australia won the doubles match from the United States here this afternoon by three sets to two.

Two of the five sets went to Deuce and the final set went to sixteen games before victory leaned toward the visitors.

The match ran the gamut of fast brilliant tennis interspersed with some very erratic play by members of both teams. Of the Australasian pair, James and John Hoad, who played the star, while McLaughlin, whose first base, Rice, Hackett's short lobs proved easy for the visitors who, however, found McLaughlin's service and smashing a source of great trouble.

A heavy thunderstorm, which interrupted the play for forty minutes and deadened the court, slowed up the Americans play and was mainly responsible for the Australasian's victory.

On Monday the singles will be resumed with McLaughlin meeting Hoad and Williams facing Rice. The United States needs one match and Australasia both to win the series.

TRAVERS REGAINS STATE CHAMPIONSHIP.

Short Hills, N. J., June 7.—Jerome D. Travers, of Upper Montclair, regained the New Jersey state golf championship this afternoon by defeating Oswald Kirkley of Englewood 3 up and 1 to play. The match was concluded during a terrific down-pour and thunderstorm.

FLEMING CHOSEN CAPTAIN.

Bloomington, Ind., June 7.—Floyd Fleming of New Albany, Ind., was chosen captain of the Indiana university baseball team for 1914. Fleming, who plays first base, is an all around athlete, was captain of last year's football squad and a member of the baseball team.

WEATHER INDICATIONS AND TEMPERATURES

Washington, June 7.—For Illinois, hot and cooler north and central portions cloudy and cooler south portion Sunday; Monday fair with rising temperature, moderate east winds.

DEMOCRATS MAY OPPOSE CHANGES

Democrats On Finance
Committee May Be Op-
posed to Many Changes

FIGHT SEEMS CERTAIN

If Schedules are Reduced a
Fight in Committee
Seems Assured

OTHER WASHINGTON DOINGS

WASHINGTON, JUNE 7.—Before the tariff bill gets to the senate Democratic caucus where it will be submitted to the most severe test it must meet before its passage, it will have a preliminary tryout before the senate finance committee that promises to be most rigid.

Although the sub-committees have been at work on various schedules a month and are about to finish their work, it was said tonight that there would be opposition by Democrats on the finance committee to many changes. There is a prospect that some of the committee recommendations may not be adopted. Chairman Simmons of the finance committee tonight called a meeting of the majority members of his committee for Tuesday morning. He hopes to call the meeting of the entire committee next week, but two of the sub-committees still are struggling with schedules and cannot complete their work before the middle of the week at the earliest.

Senator Johnson's sub-committee will work tomorrow in an effort to gain a day. If some schedules are reduced as much as is reported a fight in committee seems certain before the bill gets to the caucus.

The Johnson sub-committee today practically decided to keep the duty on cut diamonds at 10 or 15 per cent. The Underwood bill proposes 20. Diamond merchants filed briefs showing it was the opinion of customs officials that an increase of duty would increase smuggling.

The senate committee also decided to modify the clause prohibiting the importation of plumage of wild birds, holding that it was too rigid and would shut out feathers of birds not protected in foreign countries. The amendment will not, however, admit albatrosses.

Expect Message Tuesday.
Members of the house banking and currency committee expect President Wilson to send to congress, probably Tuesday, his message on currency reform. They do not expect any specific detailed plan or administration draft of a currency measure.

Whether all meetings of the committee will be opened depends largely upon recommendation of a sub-committee. Some of the Democrats on the committee expected to be called to the white house to discuss the president's views on that point, the expression of which they understand is to be withheld from the formal message.

Fight Will Go to Senate.
Demands by Senator Lane of Washington, that the Indian affairs committee of the senate secure complete statements as to how all Indian funds are administered before acting on the \$10,000,000 appropriation bill now pending, have opened up an Indian fight that probably will be carried on to the floor of the senate.

Senator Lane made a final demand today upon the committee of which he is a member for complete information. Thus far the committee has been unable to furnish him with the facts. Senator Lane proposes to ask the committee Monday to authorize only temporary appropriations for the Indians and to institute at once an investigation of the Indian bureau. Other committee members declared it was impossible to secure the detailed statement of expenditures Senator Lane desired and that the bill would be recommended for passage early next week. Mr. Lane said if such action were taken, he would renew his fight on the floor of the senate. The Indian bills contain a provision for which Senator Townsend of Michigan has made a hard fight, for a complete investigation of the Indian bureau the Indian service and the administration of all funds. It is not known, however, how long such an investigation would take.

Circulate Petition.
Honolulu, June 7.—A petition with religious missionary backing is being circulated among Americans of the Hawaiian Islands, asking them to urge President Wilson to use his influence to obtain an amendment to the existing naturalization laws, abolishing all racial discrimination. If necessary, the petition suggests, more stringent qualifications, applying equally to all aliens, might be imposed to keep out undesirable.

This treatment of the Japanese problem, the petitioners believe, would solve all international questions raised by the California alien law.

**BREAKS AMERICAN
INTER-SCHOLASTIC RECORD.**
Tacoma, Wash., June 7.—In the state interscholastic track meet here today, Albert Crane of Tacoma broke the American interscholastic record for the high jump. He cleared the bar at 6 feet 2 3-4 inches.

ALUMNAE IN ANNUAL MEETING

BUSINESS SESSION HELD AT ACADEMY HALL

Reunion of the Graduates and Former Students of the Athenaeum, Academy and Conservatory—Address By Mrs. Elmer Black of New York City.

The annual reunion of the graduates and former students of the Athenaeum, Academy and Conservatory was held Saturday afternoon at Academy Hall. Following the business session a banquet was served and later an able address was given by Mrs. Elmer Black of New York City.

The meeting was called to order by the president, Miss Mabel Coltra, with Mrs. Ensley Moore, as secretary. The report of the last meeting was read by Mrs. Moore and the treasurer's report was given by Mrs. William E. Hall. Mrs. A. B. Williamson gave the report of the invitation committee and the resolutions drawn up relative to the death of two members, Mrs. Mary C. Carter and Mrs. Gates Strawn, in the absence of Mrs. Carriel, were read by Miss May Dummer. The cabinet committee of the Academy made a report through Mrs. T. P. Carter.

Miss Maria Fairbank as chairman of the nominating committee in her report named the following for officers for the ensuing year, which was adopted by the association. The following are the officers:

President—Mrs. S. A. Fairbank.
Vice-president—Miss Nellie Cunningham.
Secretary—Mrs. E. P. Brookhouse.
Treasurer—Mrs. Edward Bowe.
Cabinet committee:
President—Mrs. H. F. Carriel.
Vice-president—Mrs. T. P. Carter.
Treasurer—Miss Sue Ellis.
Secretary and custodian—Miss Ella Trabue.

It was voted that a committee should be appointed to assist Miss Ellis, the annalist in getting out more complete records of the members and the following were appointed as assistants—Mrs. G. W. Brown, Mrs. U. G. Woodman, Mrs. A. B. Williamson and Mrs. Ensley Moore.

It was also voted that the reunion should be held the Saturday preceding the baccalaureate Sunday of Illinois college.

Miss Sue Ellis, who graduated from the Athenaeum in 1852 was heard in a brief address and President C. H. Rammelkamp also brought greetings from Illinois college.

After adjournment a social hour was enjoyed which was followed by a banquet served by the caterers of the Peacock Inn.

Mrs. Wilson, the new instructor of voice in the conservatory was present and delighted the members with her beautiful voice and artistic singing. She gave:

Aria from Madame Butterfly...

Music, When Soft Voices Die
..... W. Harris
From the Land of the Sky-Blue Water Cadman
Spring Singing McFadden
Mrs. Wilson sang an encore "My Kitten" by Mrs. Mary Jacobs Bond.

Mrs. Black's Address.
Mrs. Black said in her opening remarks that many changes have taken place since she was in the academy as a student but that the essential quality, the spirit, remained the same. It is the contact of the awakening mind of youth with devoted teachers which makes a great school, not the magnificence of the lecture room or the size of the endowment. "I feel at home today because these same high characteristics are here. Everything I shall have to say of my own work, if it has anything of true merit will be a tribute to my Alma Mater." The common dictum that time will cool the ardor and lower the ideals of the graduate," Mrs. Black said, "is untrue. Time has not cooled my ardor in the least but intensified it."

Woman's Influence.
"Woman's influence does not depend so much upon her calling or her place in the social order as it does upon herself," began the speaker in proceeding with the theme of "Woman and the Advancing World." It is personality and the great desire that counts, whether a woman be engaged in a professional career or occupied with the duties of the home. Whether she votes or not, whether she writes books or ministers quietly to the world's needs, if she has the aspiring soul her influence will be potent and lasting. It would not be unfair to say that every movement for human justice and welfare has since woman espoused its cause pressed forward with swifter pace. The element of faith is strong in woman. She has the power of vision. She has within her an optimism which no desire can extinguish because she believes in the eternal order of the universe.

Woman's Attitude Toward War.
"Woman has always had faith in the altruistic motive. She believes that the surest way to rally men to a great cause is to appeal to their sense of justice and fair play, not to their pocketbooks. I do not wish to convey the idea that she stands alone in this, for our noblest men agree with us in this statement. At the Lake Mohonk conference on arbitration, a few months ago, considerable stress was laid on the fact that the cost of war would be the one thing that would finally restrain nations. President Charles W. Eliott of Harvard and Dr. Felix Adler of New York arose and cautioned us against laying too much stress on this appeal. They said that never yet had the fear of cost cooled men's passions, and that the great growth of the peace movement had come from the growing

sense of justice. Woman has always taken this stand. Her power lies in her knowledge that it is the transcendent motives of honor, justice, altruism and sacrificial service to which the world will always respond.

International Peace.
"Peace is not the best name for this crusade, for the end desired is greater than peace. Peace is a consequent of things which must be secured first, namely, justice, law, mutual agreement among nations. It is really world-unity we are after, a thing bigger than peace of which this world-peace is an important part."

"Evolution never lies. International development is following the same path that personal relations and national organizations passed over many years ago. At one time individuals settled all their disputes in fierce encounters with fists and knives and pistols. Then they resorted to the duel which was a step higher. The nations in their turn are traveling the same road, and it is impossible to believe that here alone evolution will fail. War was once almost continuous and peace was the exception. Now peace is almost continuous and war is the exception."

The nations are now in the last stage of this evolution, explained Mrs. Black. One hundred arbitration treaties have been signed in the first twelve years of this century. The nations have met twice in a common parliament to consider possibilities of lasting peace. How significant it is, that the first act of President Wilson, and Mr. Bryan should be to ask the nations to agree with the United States, that when some dispute arises, they will await a year before beginning hostilities, in order that investigation may be made of the causes and an attempt be made to settle the quarrel by diplomacy or by arbitration.

The growing sense of the unity of mankind we may all rejoice in. A sense of belonging to all the world is coming over the hearts of all cultured and large hearted men. Our interests are bursting national bonds, and becoming human interests. Our neighbor is anyone who possesses our ideals and our fatherland is the world of all congenial souls. We are learning that the characteristics that divide us into nations are the superficial and surface things. The great things of any one man or nation are the same in all men and nations. There is only one democracy of the mind, one fatherland of the soul.

GUS GRAUBNER WILL LEAVE THIS CITY TO LOCATE IN DENVER

Will Relinquish Illinois Hotel After Six Years Management—Furnishings Are to Be Sold.

Friends of Gus Graubner will learn with surprise that he has determined to leave Jacksonville and within a short time will go to Denver, Colo., where he has had a very desirable position offered him. Six years ago, when the Illinois hotel was erected, Mr. Graubner leased it and he has conducted it ever since very profitably. It is not dissatisfaction with business which has decided Mr. Graubner to make the change, for patronage at the Illinois has all along come up to expectations. But the offer which he has had under consideration for several months proved so tempting that he finally decided to accept. There are forty rooms in the Illinois besides the dining and writing rooms and the furnishings of the entire house are to be listed and offered for sale publicly within a few days. Meanwhile any persons who desire to select any special article of furniture cannot do so by calling at the hotel. When Mr. Graubner bought the furnishings for the Illinois he selected good qualities and good patterns and as he has taken the right care of them the condition is still good. Mr. Graubner's many friends will regret to have him leave Jacksonville.

J. P. DOAN RESIGNS AS SUPERINTENDENT.

Severs Connection With the Jacksonville Railway and Light Co.

J. Parker Doan, superintendent of the Jacksonville Railway and Light company, has resigned, the same to take effect July 1. Mr. Doan has been connected with the railway system for the past twenty years and is familiar with its every department. He has not decided as to what he will do, but his farming interests for a time will occupy his attention.

Mr. Doan will be succeeded by W. B. Miser, who has been employed as a representative of the Westinghouse company. Mr. Miser has had considerable experience and comes well recommended.

U. C. T.'S ATTENTION!

The U. C. T. "Boosters" will give a picnic at Nichols park at 4 o'clock Saturday, June 14. Supper will be served at 6 o'clock followed by a dance. This gathering is exclusive for the U. C. T. members, their wives and sweethearts.

Thomas Scott expects to spend the day with friends in Beards town.

Roberts' Perfect Coffees

The reason for the CONTINUED POPULARITY OF ROBERTS' BLENDS of coffees is the basic fact of unvarying quality. Once a customer uses one of these blends we are certain of a return visit. CUP QUALITY UNVARYINGLY THE SAME has been the foundation of our success in the coffee business and is causing a constantly increasing trade. We continue to offer six blends and that does not mean that the six come out of the same barrel, and differ only in price as is some times true. It does mean that WE HAVE SIX BLENDS, ALL OF THEM GOOD, but varying in richness and flavor.

At 45 cents the coffee we sell is a PERFECT BLEND OF genuine Mandheling Java and Arabian Mocha and there is nothing better grown in all the coffee fields. We mention this blend particularly, but all each of the five others has their own distinct qualities. All we ask is simply a trial on one of the Roberts' blends, priced at 28c, 33 1-2c, 35c, 37 1-2c, 40 and 45c.

ELLIOTT STATE BANK

New Vault Work Completed—Will Open a Savings Department.

The new vault work at the Elliott State Bank has now been completed though there is still some work to be done in the way of mahogany finishing, alterations and changes of counters, furniture etc., to put the banking room in order and complete its arrangement for additional convenience and facilities of business.

The two new burglar-proof vaults installed for them by the Diebold Safe & Lock Co., are the most perfect work and in addition to their absolute safety and protection as regards fire and burglars, are marvels of beauty and skill as to workmanship, mechanism and finish to the smallest detail. The massive doors, with their beautiful finish, their mechanism and bolt work, equipped with two combination locks and three time locks on each door, are a pleasure to look at and impress one with a feeling of their impregnability and the absolute safety of what may be looked within when they are closed.

Notwithstanding that the vaults themselves are burglar proof, there are installed in the lower vault two new burglar proof safes, made for the place by the Diebold Company, of the latest, best and most perfect type—one of which the bank will use for the money and securities which are brought out daily to the tellers' cages for use in the current business of the day, and the other will be used for keeping the reserve fund, bonds, etc., of the bank and bonds belonging to customers and left in their charge.

The upper vault is equipped with safe deposit boxes of the latest and most approved type, the same as are found in the newest and best safe deposit companies in the large cities. Customers who wish this additional security may rent these safe deposit boxes; but the bank will be pleased to receive customers' boxes for safe keeping as heretofore without charge.

There is also a large storage vault in the basement where customers may store silverware and such articles of minor value, without charge.

The bank feels satisfied that they now have two of the best and safest vaults to be found anywhere and that they have provided for themselves and their customers all that can be desired in the way of protection and security.

As is well known, the Elliott State bank has accepted no interest bearing deposits for many years, believing that to be the best business policy and being amply able to provide for the requirements of their customers without. Now however, recognizing the fact that their friends and customers desire the opportunity to place savings deposits with them, and believing that it will be appreciated, this bank, as may be seen by their announcement elsewhere in this paper will open a savings department and will allow interest on savings deposits at rate of three per cent per annum beginning July 1st, 1913. Savings deposits will be received on and after June 16th, but interest will not begin to accrue until July 1st.

The bank will also issue time certificates of deposit bearing interest at rate of three per cent per annum. The known responsibility of this bank and their record for safe and conservative business methods afford ample assurance of the absolute safety of deposits or other business entrusted to them.

LEGENDS OF THE SWORD.

Curious Beliefs That Hovered Round the Ancient Weapon.

Countless legends and superstitions have attached to the sword since the days when fighting was the principal occupation of life. So highly was the sword esteemed that Mohammed in the Koran declared it to be "the key to heaven and hell."

The warrior or knight gave a name to his sword. He vowed at the altar never to draw it in a false cause. It was his companion and friend and descended from father to son for many generations. One sword named "Brother of the Lightning" had a golden hilt inscribed with magic words. In times of peace these were said to be illegible, but before a battle "they glowed red as blood."

It was believed, moreover, that a sword after long use acquired a life of its own. Many famous swords were said to utter cries before battle, and after a weapon had killed five score men it became blood hungry and leaped from its scabbard at the approach of a foe. Certain swords were said to refuse to give a wound in a bad cause. Among these was the brand Excalibur, which was given to King Arthur by a fairy and which Richard Coeur de Lion professed to own.

In the east superstitious reverence is still paid to the sword. The Daimios of Japan, when they voluntarily surrendered their rank, kept as a rule the wonderful blades which had been handed down from generation to generation, in some cases for more than a thousand years, and which had absorbed, as they believed, some of the character and life of the men that had owned them.—Harper's Weekly.

SARDINIAN BAGPIPES.

So Exhausting That Nearly All Who Played Them Died Young.

Bagpipes are the Bulgarian national instrument. Until lately the servants who waited on the Turkish grand vizier in Constantinople were mutes, though not, as in former times, persons specially mutilated, but children born deaf and dumb. They used a language of signs, with a special gesture to describe the representative of each nation. To indicate the Bulgarian agent they imitated a man playing on the bagpipes. It was not the Bulgarians who invented the pipes, however. They are among the oldest of musical instruments. An ancient gem shows Apollo with them, and two instruments in the book of Daniel are believed to have been bagpipes.

The bagpipes range not only in time from Apollo and the Bible to the present day, but geographically from China to Spain and Great Britain. England is said to have given them to Scotland. One country, however, finally lost a peculiarly severe form of the instrument. This was the Sardinian "lunedda," which had three pipes, all placed in the piper's mouth, and was played by rubbing strips of wax up and down over the holes.

The work was so exhausting that nearly all the pipers died young. In 1845 George Burdett came across one who had survived to the age of eighty. But he was the last of the lunedda players, and when he died the instrument was played no more.—Chicago News.

A Champion Bore.

"I used to know a man," says Abe Peters, "who was the worst bore I ever met. He used to stop me whenever he met me and start with a line of talk, generally about himself, and stay with me for an hour or more. He was an absentminded man and had a habit of catching hold of a button of my coat and holding on to that while he talked. He would hang on to that button and just ramble on and on till I was nearly ready for the bughouse. One day a happy thought struck me. I got out my knife quietly and cut the button off and slipped away. He kept right on talking. An hour later a friend of mine came along and found the bore still standing there, with the button between his fingers and talking about the year of the big snow in Michigan. He hadn't noticed that I was gone."—Topeka Capital.

Fantastic House Names.

Switzerland can show some house names quite as fantastic as those in Holland. There is a villa near Bale christened in a way worthy of Uriah Heep—"Klein aber Mein." It would be hard, however, to parallel Gustave Dore's attempt in this direction. He expressed the name of his house at St. Cloud in a state of music with the notes C E B A C D (do mi si la do re), which, being interpreted, means Domelle a Dore.—London Standard.

A Country Place.

"Now this country place is improved with asphalt streets, electric lights and brick walks."

"You don't understand. I'm looking for a country place that is improved with some turf, a lake, perhaps, and a few trees."—Kansas City Journal.

JURY FINDS BRICE AND

HUNTER GUILTY AS CHARGED

Verdict Returned Shortly Before 9 O'clock Saturday Night.

Shortly Before 9 o'clock Saturday night the jury in the case of the people vs. Clay Brice and Less Hunter, both colored, charged with assault with intent to rob and murder, returned a verdict finding the defendants guilty. The case occupied the entire day in the circuit court and the prisoners were defended by Judge C. A. Barnes and J. Marshall Miller, and the prosecution was in charge of State's Attorney Tilton, assisted by Hugh Green.

The defendants were charged with entering the home of Mrs. Sophia Ward on Ebeey street on the night of January 11, 1913, and assaulting her for the purpose of securing some money which she was thought to have had in the house.

FORTY DEGREE DROP OF THE MERCURY REPORTED IN CHICAGO

Number of Yachts Sunk and Other Damage Done by High Waves Driven in by Gale.

Chicago, June 7.—Overcoats and gloves were more in demand than straw hats and summer suits in this city today. A forty degree drop of the mercury made itself felt last night and continued all day with a bleak northeast wind that chilled every semblance of summer out of the day. A number of yachts were sunk at their moorings and other damage was done along the water front by the high waves driven in by the gale. Continued cool weather is predicted for tomorrow.

Cloudburst in Kansas.

Hutchinson, Kan., June 7.—The heaviest rains of the season fell in Rice and Reno counties last night and early today. At Nickerson, in the latter county, the rainfall amounted to a cloudburst, the precipitation being reported at five inches. At Sterling three and a half inches of rain fell.

Reports Drop of 53 Degrees

Springfield, Ill., June 7.—Springfield slid its straw hat into the discard today and donned the overcoat, while the cold wind whistled and the thermometer dropped to 33 degrees. There was a light rainfall about noon. From a temperature of 96 degrees yesterday, the highest but one ever recorded at the local weather bureau this year, the thermometer dropped 43 degrees within twelve hours and so fast that the indicator could almost be seen falling.

At Bloomington, the headquarters for the Chicago & Alton railroad, the order was sent out by President Worthington for all of the trains to immediately turn on the heat.

ELECTRICAL WORKERS AGENT

SHOT AND SERIOUSLY WOUNDED

At Hospital Injured Man Refuses to Give Name of Assailant, Saying He Would Take His Own Measures in the Matter.

Chicago, June 7.—Michael Boyle, business agent of the Electrical Workers' union, was shot and seriously wounded in the union headquarters here tonight. The shooting is said to have followed a meeting of the advisory board of the union. At the hospital Boyle refused to announce his assailant to the police, saying that he would take his own measures in the matter. Physicians said that he probably would recover. One bullet shattered the right side of his jaw and another passed through his right arm and right side and is lodged near his spine.

Has Had Stormy Career.

Boyle has had a stormy career as a labor leader and has been a prominent figure in the factional wars in Chicago. He was chief lieutenant of the late M. B. (Skinny) Madden in the fight that split the Associated Building Trades here and later was indicted and convicted with Madden for extortion.

The shooting of Boyle, according to the police, came as a result of the "slugging" of a member of the union by a former business agent of the organization. Police are seeking Michael Canavan, a member of the union in connection with the shooting. No report was made to the police at the time of the affray and Boyle was not interrogated until he was found at the hospital several hours later.

PATIENT KICKED TO DEATH.

Kankakee, Ill., June 7.—John Applegate of Chicago, a patient in the violent ward of the state insane hospital here, tonight kicked James Frankie of Streator, Ill., to death. Frankie also was a violent patient. Three attendants struggled with Applegate vainly endeavoring to save Frankie.

SATISFACTORY PRACTICE.

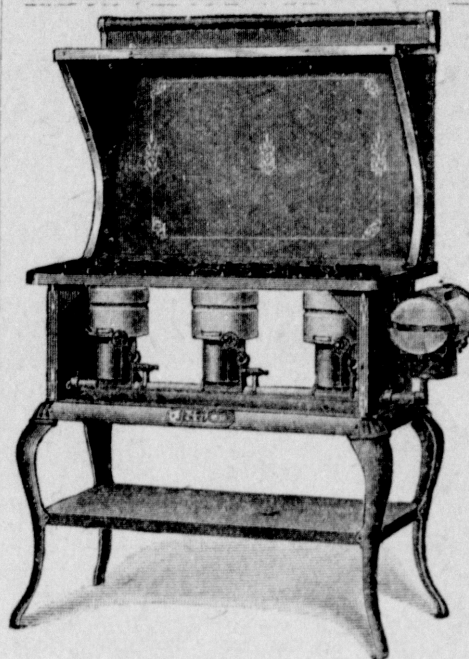

Poughkeepsie, N. Y., June 7.—Following a terrific electrical and rain storm late today the Hudson was as smooth as the proverbial mill pond and the eleven crews of Cordell, Wisconsin, Columbia and Washington had the most satisfactory practice since their arrival. The men stood the test well.

EFFICIENCY WILL BE

CONVENTION KEYNOTE

Program of Fourth Annual Convention of American Charity and Correction Officials Will be Notable.

The greatest possible efficiency in the administration of public and semi-public charitable institutions is the keynote of the program of the fourth annual convention of the American Association of Officials of Charity and Correction, which will be held in Springfield, Ill., on June 24, 25 and 26.

The program has been divided under five heads as follows:

Dependent Children; Insane and Mentally Defective.

Administration of Institutions; Home Relief; Correctional Problems. The opening meeting will be held on the evening of June 24, when Governor Edward F. Dunne and Mayor John S. Schnepf will welcome the association. Dr. Robert W. Hill of Albany, New York, will respond, and the president, Robert W. Heberd of the same city, will deliver the annual address.

The committee on administration of institutions will then take charge under the direction of Robert W. Kelso of Boston. A. L. Bowen of Springfield, executive secretary of the State Charities commission, will present a paper on "The Administration of Jails and Houses of Correction," which will be discussed by Amos W. Butler, secretary of the Indiana State Board of Charities.

June 25, in the morning, the committee on dependent children will have charge. C. E. Faulkner, superintendent of Washburn Memorial Home of Minneapolis, will speak on "Some Essentials of Unity in Child Helping Service." William T. Cross of Missouri will lead the discussion.

Dr. Rudolph R. Reeder, superintendent of the New York Orphanage at Hastings-on-Hudson, will speak on "The Social Education of the Institution Child." Rev. Brother Barnabas of the Lincolnale school, New York, and Dr. Harris R. Cooley, director of Charities and Correction of Cleveland, will discuss Dr. Reeder's paper.

On the afternoon of the same day the committee on insane and mental defectives will present Dr. M. A. Bliss of St. Louis on "Organization of Insane Hospitals From an Outside Point of View," and Dr. Geo. A. Zeller, superintendent of the Peoria State hospital, on a subject not yet announced.

At 8 o'clock that evening, correctional problems will be discussed. L. A. Halbert, general superintendent of the board of public welfare, Kansas City, will speak on "Municipal Farms and Treatment of Misdemeanants," discussion led by George S. Wilson, superintendent of the Associated Charities, District of Columbia. "Parole Problems in the Central States" will be the subject of F. Emory Lyon of Chicago, discussion led by H. J. Blanton, secretary of the Missouri State Board of Prisoners and Paroles.

The last day, June 26, will be spent in Jacksonville, visiting the three state institutions there, and at 8 o'clock that evening in Springfield, the concluding session will be held under the auspices of the committee on home relief. Dr. George T. Palmer, health commissioner of Springfield, will speak on "Causes of Pauperism and Need of Public Relief," and L. A. Halbert of Kansas City on "Home Relief by Public Officials." Fred R. Johnson, superintendent of the department of public charities of Bridgeport, Conn., will lead the discussion.

Committee reports will be presented by the chairman of each committee, preceding the session under its auspices as follows:

J. B. Montgomery of Coldwater, Minn., on dependent children, Robert W. Kelso of Boston on administration of institutions, Dr. Frank P. Norbury of Springfield on insane and mentally defective, Dr. O. H. Shirer of New York city on correctional problems, H. H. Shirer of Columbus, O., on home relief.

WARNING TO AUTOMOBILES AND MOTORCYCLES

There has been complaint from all parts of the city about fast and reckless driving of automobiles and motorcycles. All automobile drivers and motorcycle riders are hereby warned that they will be arrested and fined for violating the city ordinance relative to motor driven vehicles. The members of the police force have been supplied with stop watches to assist them in enforcing the ordinance.

ONLY FEES IN CRIMINAL CASES.

The supreme court has recently given an opinion that state attorneys are not entitled to the fifty dollar fee in cases in the supreme court except in criminal cases. The ruling was made in the case of the people on the relation of Edward Johnson, county collector of DeKalb county, against the DeKalb & Great Western Railroad Co. The case was one in which the supreme court had affirmed the judgment of the county court ordering a sale of property of the railroad for delinquent taxes. The clerk of the supreme court had included in the costs in the case \$50 for the state's attorney's fees in appearing in the case. The supreme court today allowed the motion to retax the costs, holding that in tax cases and other civil proceedings the state's attorney was entitled to no fees in the supreme court.

PAST AND PRESENT OF ILLINOIS WOMAN'S COLLEGE

The following excellent paper on "The Past and Present of Illinois Woman's College, of which an abstract was given recently in the Journal, was read by Mrs. Alice McElroy Griffith of the class of 1852 of the Woman's college at the alumnae gathering held last week.

"Sixty-one years have come and gone since I said goodbye to Illinois conference Female college, President Jaquess and my six classmates, somewhat, I suppose as the girls today say goodbye to Illinois Woman's college, Dr. Harker and their class.

Many changes mark the then and the now. Then it was a new institution with 50 girls. As yet we had no college buildings and school, met in basement of the Centenary church, with Rev. J. F. Jaquess as president. In those days we girls thought old Peter Cartwright was the prime mover, maybe because we saw and heard more of him and were impressed with his unique character. In summer time, after speaking a few moments, he would take off his coat and lay it aside. Then soon after he would take off his vest and necktie if he wore one, and lay them aside. Notwithstanding his eccentricities, he was a forceful speaker, but not the founder of the college.

The churches of the conference had been praying for a school for the higher education of women and when conference met in Paris, Ill., September 23, 1846, they appointed a board of ten trustees, which met in Jacksonville October 10th, and organized, with Peter Cartwright as president; William Brown, secretary; Matthew Stacey, treasurer, and the Illinois Conference Female academy was chartered in 1847, was changed in 1851 to Illinois Conference Female college. In 1853 it was called Illinois Female college. In 1859 Illinois Woman's college.

The first president was Rev. J. F. Jaquess from Indiana, born November 18, 1819; died June 17, 1898, at St. Paul, Minn., was admitted to the bar at Transylvania university, Kentucky, and was licensed to preach before he was 20 years old. In 1848 he became president of Illinois Conference Female academy, and served seven years, or till 1855, and was followed by Dr. Adams, '55-'56; Rev. Mr. McCoy, '56-'58; Dr. Adams, '58-'60; Rev. Mr. DeMott, '60-'62; Dr. W. F. Short, '62-'63; Dr. J. R. Harker, '63-'65, seventh man in the chair. President Jaquess was a man of sterling qualities of head and heart; he was firm, conscientious and dauntless and claimed the respect, confidence and affection of every girl.

James A. Barnett of Sparta, Ill., directed my education and took me to Jacksonville, January 1851; procured room for me in the family of Col. Wm. S. Warren, then took me over to Centenary church and called for President Jaquess. After a few preliminary words he said goodbye and took train for Springfield. Mr. Jaquess asked after my home, schools, studies, etc. I told him my home was a big Missouri prairie farm, with many colored people to plow and sow, reap and mow. I had only had country school advantages, but was fortunate in having good teachers. Rev. A. G. Callahan and Prof. Tatlow was all I had ever known. After my father's death in 1847, we left the old home and I came to Illinois to enter the Illinois Conference Female college in 1851. Mr. Jaquess took me to the office, examined me in arithmetic, algebra, geometry, philosophy, etc., and said that my proficiency in mathematics would be helpful to me along all lines. So my course was music, Latin, German and English studies.

In 1852 I had become so attached to the class of '52 I wanted to graduate with them. Mr. Jaquess said I could easily do so by dropping the Latin and German, which I did, to take them up again in Fayette, Mo., under President Luckey. In 1853, many times during study hours my brain would be benumbed and my eyes filled with tears by thoughts of the old home, my father and loved ones and servants at the evening family prayers and the little black children learning A B C, but rescue always came with the tap of the bell for recitation.

As a class we numbered seven, all Christians and I think all church members. Two were from Missouri, five from Illinois. Three were Presbyterians and four Methodists. No two alike, each found in different line of thought. They were all honest, earnest and were called good students. They listened to the Master saying, "Go work in my vineyard today" and obeyed. Friction sometimes occurred, but no rebellion. The class was closely united, so without manifest jealousy each admired the other's talents. The most brilliant member we had was Conilla Winn. She was our poet too and was gifted both in thought and words. Helen Finley was the historian. Sophie Naylor was fun loving and ambitious. Lizzie Kerr was musician, vocal and instrumental. Julia Gillham was quiet and reserved. Alice McElroy Mr. Jaquess called mathematician. Lizzie Harrison was most popular. She was the married one, yet it worked no harm to her noble individuality. She was one of us without a superior claim or affectation, hence was chosen valedictorian, and Alice McElroy, salutatorian. Our commencement program was a simple page about 5x8 inches in size and read:

"Tis said 'This is a progressive age,' and so it is in almost every line of thought. The 'tallow candle' has given way to the electric light. The historic Chinese empire has given way to the 'Republic of China,' thus giving individual freedom to 400,000,000 of people. The 'African slave trade' is a thing of the past and following comes the 'white slave traffic' in a downward progress. Alfalfa is at the top today in agriculture, leading all other stock foods. Progression in tomato and potato is mostly in size and shape, as Tree and Ponderosa, Early Ohio and Burbank. Literature, art and science have progressed with rapid strides. So has Illinois Woman's college. In place of 50 or 60 girls in 1851 it now counts 400 students. In place of the financial struggle of 1852 and the growing debt of 1862, it now has an endowment fund.

Dr. Harker is to be congratulated on such success and we congratulate him to day for the firm foundation laid by early workers on which he builded, "whose corner stone was Christ Jesus." (1st Cor. 10:4.)

PLAN FOR THE KAISER'S BIG JUBILEE CELEBRATION.

Celebration Proper Will Occur Week of June 15th and Will Be Preceded by Various Festivities.

Berlin, June 7.—All of the details have now been arranged for the commemoration of the kaiser's jubilee. The Germans are determined that the celebration of his 25th year of reign shall be one of the greatest festive events since the creation of the empire. The celebration proper, which will take place the week of June 15, will be preceded by numerous festivities and public functions. The first of these will take place tomorrow, when 30,000 athletes will parade before the kaiser on the occasion of the dedication of the stadium constructed in the Grunewald race course, outside Berlin, for the Olympic games of 1916. A levee and court attended by all the high civil and military officials will be held Monday, and on each of the following days there will be gala performances in the Berlin theaters.

The celebration will reach its climax on Monday, June 16. On that day all Berlin will celebrate the jubilee with monster processions to the royal palace, and the kaiser, surrounded by his entire family, will show their appreciation of the man, who during the quarter of a century that he has been on the throne has placed the nation in the front rank of the industrial, commercial and naval, as well as the military powers of the world.

In anticipation of the celebration Berlin is now becoming filled with visitors from abroad and from the various parts of the empire. The pageantry features of the week will attract nearly 1,000,000 visitors. It is estimated, and citizens are already busy with preparations. These preparations, by the way, include the increase in price of nearly everything that is sold for food, while the price of lodgings and hotel accommodations has increased enormously.

Special envoys, in addition to the regular ambassadors, will be sent by most of the rulers of the world to the celebration. The 25 rulers of German states, including the kings of Saxony, Bavaria and Wurtemberg, will come to Berlin personally to congratulate the ruler of the empire.

The decorations for the jubilee promise to surpass anything of the kind ever seen in the German capital. It is estimated that not less than \$500,000 will be expended on the decoration of the streets and public buildings. The kaiser himself has designed the color scheme that will be used for the embellishment of Unter den Linden, Pariser Platz, Koenigsstrasse, Friedrichstrasse and other of the principal thoroughfares and public squares of the city. The expense of the decorations will be shared by Berlin and the 80 largest cities in Germany.

The kaiser has intimated that he does not desire to receive personal gifts on the occasion of his jubilee. He asks those who wish to celebrate his reign by gifts to make them to educational, charitable and philanthropic institutions. One notable exception will be made to the rule. The exception will apply to the gift from the imperial army. A committee has been formed under the presidency of General Field Marshall Count von Haeseler, who in the name of the German army will hand to the kaiser a costly field marshal's baton, to the cost of which every officer of the army has contributed.

The kaiser will signal his jubilee by commencing the sentences of many prisoners and pardoning others. He will also grant titles of nobility and will probably record a number of orders and decorations.

The general harmony of the celebrations promises to be disturbed by the discordant note of the Socialists, who are said to be planning to hold immense mass meetings during jubilee week to protest against the increased military and naval expenditures. To offset the effect of these demonstrations the loyalist press is laying great stress on the fact that the kaiser during his reign of 25 years has been one of the strongest peace factors in Europe.

AGRICULTURAL CONGRESS AT GHENT.

Ghent, June 7.—Delegates from many countries have arrived in Ghent to attend the International Congress of Agricultural, which will be formally opened tomorrow and continue in session for an entire week. Prominent among those in attendance will be the members of the American commission now studying Europe for the purpose of studying the problems of farm credits and co-

THE Illinois Steel Bridge Company builds bridges and fabricates steel for structural purposes. It has operated successfully under the able and experienced management of the present officers for a period of twelve years, during which time over 5,000 bridges have been sold to counties, towns and districts. During the first four months of the present year an increase of 40% in orders received is shown over the same period last year.

These notes are secured by a first mortgage on all the assets of the company, both personal and real, now owned or hereafter acquired, comprising real estate, buildings, equipment, raw material, finished product, accounts receivable, bills receivable and cash, representing a total investment of over \$350,000.

The earnings for the past four years, as certified to by certified public accountants, have been \$121,216.14, or an average per annum of \$30,304.03, over six times the interest charge, or sufficient to pay the principal and interest in about three years.

The Title Guaranty Trust Company has examined the title to the real estate and guarantees that the deed of trust securing this issue is a first mortgage on the property without prior liens or encumbrances of any kind.

All legal matters in connection with this issue have been approved by our counsel, Henry W. Allen and Bellatti, Barnes & Bellatti, Jacksonville, Illinois, attorneys for the Company.

FOUR RECORDS BROKEN.
West Point, June 7.—Four military academy records were broken today at the twentieth annual field meet under the auspices of the army athletic council. Hocker '15 broke his own record, made last year in the shot put. Woodruff '15 broke the record for the hammer throw. Hodgson of the same class was a conspicuous point winner and smashed records in both the high and broad jumps. Class of 1914 won the meet with 158 points. Nineteen fifteen was second with 154 points and 1916 third with 103 1-2.

**NOTICE TO CONTRIBUTORS TO
ILLINOIS WOMAN'S COLLEGE
ENDOWMENT FUND.**

The conditions having been met, the \$180,000 having been pledged by June 3, 1913 1-3 of each pledge is now due and payable. The college has debts which should be taken care of at once. If you will call at the office of the Woman's College and make prompt payment, it will be appreciated. Or it can be left at F. G. Farrell & Co., Bankers or at Jacksonville National Bank where receipts will be given.

TO MARK 81-YEAR OLD TRAIL.
Muskogee, Okla., June 7.—Boy Scouts from numerous cities of Oklahoma will round up here tomorrow preparatory to starting the next morning on a "hike" across the country to locate the mark and trail followed by Washington Irving and his party when they visited this section in 1832. The marking of the trail will be a difficult task, as most of the old landmarks have disappeared in the 80 years that have passed since the visit of the famous novelist and historian.

WOODSON VISITORS.
Among the visitors from Woodson in the city Saturday were Mrs. Geo. Newman, Mrs. William Megginson, Mrs. Claude Winters and daughters, Misses Alma and Inez, Mrs. Wilbur Kinner, Mrs. Gussie Gordon, Miss Zilla Crane, Miss Sarah Rees and William Dorward and daughters.

**POSTMASTER GENERAL
FIFTY YEARS OLD.**

Washington, June 7.—Postmaster General Burleson rounded the half-century post today, having been born June 7, 1863. Although still a comparatively young man, Mr. Burleson may lay claim to being a veteran in the public service, having been elected to his first public office nearly thirty years ago. With the exception of a period of less than three years he has been in public life continuously since his 22nd year. His recent appointment in the Wilson cabinet ended a service of nearly fifteen years as a member of the Texas delegation in the house of representatives.

VESPER SERVICES.
If the weather proves unfavorable for an out-of-doors meeting tonight, the vesper services appointed for the College Grove will be held in the Congregational church. The address will be given by the Rev. Thomas W. Smith, D. D., of New York city. The general public is cordially invited.

ILLINOIS U. WINS CONFERENCE MEET

CAPTURES MEET AT RANDALL
FIELD WITH 47 1/2 POINTS.

State University Team Won Five
First and Scored in Nearly Every
Event—Missouri's Showing Was
Disappointment—Wisconsin Sec-
ond.

RANDALL FIELD, MADISON, WIS., JUNE 7.—The University of Illinois won the thirteenth annual conference track meet at Randall Field this afternoon with 47 1/2 points. Illinois won firsts in five events, including the relay and scored in nearly every event.

Final Points.
Illinois 47 1/2
Wisconsin 23 1/2
Chicago 17 1/2
Missouri 14 1/2
Minnesota 8
California 15
Iowa 3 1/2
Purdue 8
Notre Dame 2
Kansas 3
Wabash 4
Ohio State 9 1/2
Northwestern 9 1/2

Two Records Broken.
Two conference records were broken. Gold of Wisconsin setting a new mark of 12 feet 8 1-4 inches in the pole vault and Shattuck of California putting the hammer 160 feet and 4 inches. Shattuck's throw was within 3 feet of the eastern inter-collegiate record and would have been further had the weather not chilled the Californian to a certain degree.

Missouri's great team was crippled by the cold. Coach Brewer's squad was utterly unable to respond.

The men did not do nearly as well as expected. Nicholson the Olympic star, relied upon to land at least two firsts failing to get a point except in the hurdles.

To emphasize Missouri's failure, however, is not to detract from Illinois.

If ever a team was fit, it was Gills. With a still day instead of one so windy that it handicapped performers in nearly every event the Illinoisans would have made a marvelous showing according to the critics.

The day was an ideal one but for the north wind and the rain of the night before which made the back stretch of the track almost spongy. Every effort was made to dry it out and was practically successful.

Individual point winning honors were divided by Thatcher of Missouri and Parker of Chicago, each won eight points for his school.

The heavy wind spoiled Illinois' effort to break the relay record. The best the quartet could do was 3:27 1-5.

FARGO FIRE ANNIVERSARY.
Fargo, N. D., June 7.—With a mammoth parade of allegorical floats, trade displays and civic and military organizations, Fargo to-day observed the 20th anniversary of the great fire of June 7, 1893, which devastated an area of 42 city blocks and entailed a loss of \$3,000,000. Though the business section of the city was entirely wiped out by the fire, the recovery was rapid and to-day the city of Fargo is one of the most substantial and flourishing to be found in the entire northwest.

STRANGE CITY OF CANTON DESCRIBED

TAKE NIGHT TRIP ON RIVER FROM HONGKONG.

Jacksonville Tourists Take Trip About City in Sedan Chairs, Visiting Ancient Temples and Other Places of Interest.

(Continued from Saturday.)
The worship of the ancestors is a matter deeply ingrained in the Chinese nature and is very generally practiced by all who can afford to do it and more than one father has appealed to a child not to embrace the Christian religion, for then there would be no one to worship the father after his death, and it is an argument of no small weight.

Various Sights.
The vicerey of the city or district is finely housed in buildings of pure white and while they are not entirely pretentious, still they are guarded by soldiers, who generally have an easy job and in all proper ways the dignity of the grand official is maintained.

On a hill in a conspicuous place in the distance we saw a cemetery, which was in a romantic place and seemingly well kept and finely situated. The Chinese pay attention to the dead in many ways. Their funerals are times for great display and all possible is made of the occasion and even the very poor will have artificial flowers borne in front of the body and all possible show made to indicate the respect the survivors have for the one who is gone.

We met a company of soldiers and tried to step aside and let them have the street, for there was no room for us both. The men were well uniformed, armed with the latest and best rifles and made a fine appearance. They all seemed quite young and I thought if the nation had enough like them, well drilled, she would make other powers sit up and take notice in case of any sort of trouble.

The residence district of Canton is varied, the abodes of the wealthy are probably fine, but are scrupulously kept from the gaze of the public in general, while the abodes of the poor are wretched. They are composed of all sorts of classes, from the lowest on up and how some of them fail to die off to a man is a marvel and we can only conclude that the diseases which would follow a Caucasian under similar circumstances have no effect on the Mongolian. Mud floors, dirty walls, a whole family in one room, filth everywhere and no effort to keep clean; such is the spectacle presented the one who seeks the poorer quarters of the great teeming city. We came a cross several trees loaded with beautiful scarlet blossoms, something like our tulip trees and very beautiful. We inspected a flower pagoda seven stories

high and having twelve images of Buddha on each story, the whole presenting a wonderful appearance and showing a lavish use of labor and money.

We entered a cotton mill, which was a big room and all fitted with the old fashioned looms worked by hand. The operatives eyed us curiously and I thought as I looked at them that Capps & Sons would rather smile at the primitive arrangements. One man was weaving colored goods and his loom was arranged accordingly and he was evidently a higher priced man than his fellow workmen. The place was dark, dingy and most forbidding in all its appointments.

Again the streets became more and more narrow as we proceeded and we could hardly get along so great was the ordinary swarm of human beings passing to and fro. Our carriers were kept yelling all the time to the populace to get out of our way, for we were regarded as belonging to the quality, being able to hire men to carry us about the place.

Once our men stopped most respectfully and stood at attention while a funeral procession passed by. It was evidently the body of a poor person that was being consigned to mother earth, but the gay flowers and all the other paraphernalia showed that though poor, the survivors were doing their best. The flowers were all artificial and doubtless had served for many similar occasions and would last for years to come. There were few mourners and they seemed stoical and listless.

Ancestral Temple.
A singular and massive affair was an ancestral temple to which our guide conducted us. It was peculiar, having nothing like it in the heavens above, the earth beneath or the waters under the earth. It was composed of massive walls and built around two open courts. In front were images of lions carved from granite and elaborate. All about the roof, the peak and the gables were enormous masses of the most hideous and grotesque porcelain figures, representing all manner of huge monstrosities. The open court was being put to a profane use while we were there. The smooth stone floor served as an excellent place on which to spread a lot of used tea leaves and at first I thought it was tobacco the men were putting out to be cured.

All about the walls were granite blocks elaborately carved and great in size. The rear building was divided into three parts and in each ranged in tiers and rows each a little back of the other, flat sticks on which was the name, age, address of the departed and there were hundreds of these. The first class cost much more than the rest and there were three classes and the guide said it cost \$25 gold for a stick or tablet in the more expensive department and \$30 in the next and \$20 in the next. He said that so far one special family had monopolized the whole affairs and had invested tens of thousands in it. He said they came once a year and had an exten-

sive funeral worship and then forgot or neglected the place for another year.

Different Spectacles.
We saw a number of pottery shops where the workmen were sitting at wheels horizontally placed and rapidly revolving, while they placed the yellow mud on them and turned away, producing crocks and various articles in common use. They are dried and burned and serve the poorer classes very well.

The guide took us to a swell restaurant and a tempting array of frog legs was displayed at the entrance. We were not required to remove our shoes as in Japan, but still the place was very fine. It, too, had its divisions and the higher one went the more the cost. The furniture was extra fine and the whole place was divided into rooms or apartments, where parties might go and be secluded if they wished. There was no odor, that matter being carefully looked after by the management. I decided we would like to have something there, so ordered cold water for the company and it came all right, only it wasn't very cold, but tiny bits of ice served to modify it somewhat. They were careful to tell us it was not the ordinary tipple of the masses, but a superior quality carried by coolies from a certain spring and for the drinks for us they would have to have 20 cents. The guide thought he was thirsty too, but I didn't agree to wet his whistle, so gave him 20 cents with which to pay the bill and after some altercation they took it at the cashier's desk.

Again we plunged into the crooked, narrow streets and it seemed as if each one was smaller, darker and more forbidding than the others. How in the world our guide kept his bearings I had no idea, but he seemed to know where to go and what to see, and I presume it took some such skill and ingenuity as are required of guides in Mammoth Cave, Kentucky. The day was warm and many of the streets had awnings of rattan over them and while it made things a little cooler, it also shut out the sun and the business places looked dark and gloomy enough.

The guide took us to one place or court and I thought if I had a peck of and they showed us a sample of edible birds' nests, but as it is worth a good many dollars a pound we didn't care to invest in a taste. It is a strange looking affair and is used to season soups and various dishes of the wealthy and is deemed a great rarity and delight.

We passed a market in an open court and though if I had a peck of dirt to eat during my life I could soon be accommodated there and could hardly see how the goods sold could be made palatable.

At the close of the day we returned to our boats by the same little sampan, rowed by the young groom and were soon on board. As the coolies were loading the ship they had a quarrel and the way the Chinese cuss words flew back and forth was a caution. One poor fellow received a blow on the head with an iron instrument that laid a part of

the member open and caused a lot of blood to flow, but the trouble was finally quelled and all was serene. We loosed from our moorings and next morning awoke in Hongkong.

SHOULD BE THANKFUL.
Lewistown Correspondence in Canton Register: Reverend George L. Snively, who has been on quite an extensive tour through the south and southwest, says that Fulton county for the fine crops of the past few years and also for the excellent prospects for a crop this year. Mr. Snively says that in Alabama, Georgia and Kentucky crop prospects are poor on account of the dry weather. Last Sunday he was in Carmon, Okla., and the farmers have had a crop failure there for three years. This year, up till about three weeks ago, they had a fine prospect for wheat, but the hot winds came and destroyed the crop. All through northern Oklahoma and southern Kansas the deadly hot winds have ruined crops.

In and around Carmon people are offering their property for sale at any price the buyer wishes to give. George, who is a stalwart Democrat, insists that the Wilson administration is not responsible for any of the calamities that have occurred during the past three months.

Mr. Snively owns the old Totten farm in Cass township. This was the first settlement made in Cass township and this was in 1823, or 90 years ago. This farm was bought by P. H. Snively and his son, George L., in 1890. It consists of 241 acres and George claims to be farming the place.

Wednesday he shipped a carload of hogs of his own raising which brought the top price at Peoria. George looked very well pleased Thursday, when he received a draft for \$1,509.

BOYS' CORN CLUB.

Ten boys have entered the Boys' Corn club and are contesting for the big prizes offered for the best acre of corn by the Jacksonville Chamber of Commerce. The boys who have entered the contest are:

Clayton Anderson, John Anderson, Fred Burchitt, S. Dawson Darley, J. Stewart Holmes, Fred Leach, Harold Perbix, Gail Ranson, Viron Z. Ranson, Paul B. Scott.

It is believed that other boys in the county are growing acres of corn for the contest but through some misunderstanding have not made proper application for membership in the Boys' Corn club. If there are any such, they should communicate at once with Mr. Heintz, chairman of the department of rural affairs of the Chamber of Commerce.

PROCESS OF READJUSTMENT BRINGS WHOLESOME RESULTS

Most Active Factor in Week's Special Weakness Seemed to Be the Unexpected Announcement at Berlin.

New York, June 7.—The pangs of financial indigestion continued to afflict stock markets, both here and abroad throughout the week. The process of re-adjustment, while painful, began to bring signs of wholesome results toward the end of the week. The same general causes were operative as for some time back centering in the Balkan war with its outright destruction of capital, interruption of banking and credit facilities and driving of free capital into huddling by the alarms created.

The most active factor in the week's special weakness seemed to be the unexpected announcement at Berlin of fresh imperial German and Prussian loans of over \$50,000,000 to be issued on June 12th.

The headlong lengths to which the declines ran during the week and the character of some of the securities affected indicated a closing out of collateral on forced sales. It was evidently that over loaded underwriters, especially in London, were resorting to sales of seasoned securities to protect their subscription to unsalable new issues.

Factors of depressions peculiar to the New York market lost none of their force. The St. Louis and San Francisco receivership added to the disfavor of the foreign markets for American securities. The alternative plans for dissolution proposed by the Union Pacific were met with a feeling of disappointment. An extensive curtailment of production of pig iron for June was reported after a record May output. The copper market was also unsettled.

The May record of business failures was larger in number than 1908 and greater in amount than for ten years. Decline in custom receipts showed the inclination of business to mark time to await the tariff enactment.

WILL GO TO STARVED ROCK.

Arrangements for the grand rally and flag day celebration of the Illinois D. A. R. at Starved Rock, Ill., on June 14th, have been retarded unexpectedly and the affair has been postponed to September, when a general state rally will be held. On June 14th the daughters will gather informally for a pilgrimage to Starved Rock, when the committee will select a site for the Illinois flag-staff, arrange details for the informal rally and pay tribute to the heroes of Illinois. It is expected that all of the state officers will be present for the flag day celebration, including Mrs. George A. Lawrence, of Galesburg, state regent; Mrs. Luther Derwent of Rockford, state vice regent; Mrs. John H. Hanley, of Monmouth, state secretary; Miss Lyra Brown, of Joliet, state treasurer; Mrs. E. L. Pegram, of Decatur, state historian, and Mrs. Noble C. Shumway, consulting state registrar.

Five Hurt by Auto Plunge—Frank K. Pearce, a Tuscola capitalist, and his secretary, Curtis Meadows, were seriously injured near Tuscola Friday when the former's big seven passenger car plunged off a bridge and down an embankment 30 feet. Three other men, City Attorney S. S. Duhamel, S. R. Robinson and Thomas N. Smith, also received injuries, but not serious. The machine plowed through a woven wire fence and the injuries were mostly from broken glass and wire.

Must Pay Damages—James P. Clancy and Charles Peebles of Springfield have been awarded a judgment for \$2,200 damages against Contractor Edward Houston of Springfield, when a scold fel on which they were working at the Methodist Episcopal church.

Mine to Resume Operations—The Royal Colliery company will resume operations as soon as the mine at Virden can be put in condition for work. The steel for the new tiple has been ordered and as soon as this arrives no time will be lost in getting it in position. As to what will be done in regard to the washer has not yet been determined. The mine was recently badly damaged by fire.

Decatur Country Club Short of Funds—Because the payment of \$1,600 annually in reducing the indebtedness and \$550 annual cash interest on the mortgage, the Decatur Country club has left an insufficient amount to pay the ordinary running expense of the club and allow for necessary repairs. A special meeting of the stockholders will be held at the club Tuesday evening, June 10, to consider methods of raising more revenue, either by increasing the membership, increasing the dues or by a combination of these methods. A stein dinner will be served at seven.

Prof. Shrock Named Normal President—At a meeting of the board of trustees of the Southern Illinois State Normal university in Carbondale, Prof. W. H. Shrock was elected president to succeed Dr. D. B. Parkinson, who has been a member of the faculty for thirty-nine years. Prof. Shrock made an address at the high school commencement exercises here recently.

May Get Carnegie Medal—James S. Magill, special agent for the Carnegie heroic fund commission, was in Springfield Friday. Mr. Magill will consider the bravery of Ludwig Egger, aged 13 years, who on May 3, 1912, risked his own life to save little Susie Topock, aged 2 years, from burning to death. The little girl died, however, after she had been removed to St. John's hospital. Mr. Magill will also investigate the bravery of Bert Hall, who risked his life to save Marshall Johnson.

when Johnson was electrocuted on the top of the steel arch at Sixth and Washington streets a few days ago.

Surrenders to Sheriff—Henry Klein of Carlinville, commonly known as "Hank," who is suspected of knowing something about the shooting of Night Officer Van Meter on the night of May 26, at Carlinville, and who made his escape when Deputy Sheriff Knemoe attempted to arrest him a few days after, went to the jail and gave himself up to Sheriff Etter. Klein had been hiding in the timber near Macoupin creek, southeast of Carlinville, since his escape.

Held Up Farmer—Police of Gillespie are hunting for three masked men who held up and robbed William Bass, a farmer near that place, taking \$300 and his gold watch. The men stopped Bass as he was passing through a field on his way to Bend, where he intended using the money to pay a note.

Killed a Groundhog—A real ground hog—the kind that establishes the weather conditions for early spring—was killed in Havana recently at the home of John High. The garden vegetables had been suffering terribly and so a search was made for the "vagrant."

Texas Heifers at Good Price—The heifer market was topped by Hardcastle & Clough, shippers of Greene county, recently. They brought in 56 head of yearlings that averaged 640 pounds and commanded \$8.35. These heifers were fed by H. Y. Beebe for 190 days and made nice gains in that time. They were Texas raised calves of the S. M. S. brand. Mr. Beebe had fed them on corn ensilage, grain and cotton seed meal. They had the quality and finish.

Raise Money to Fight Chinch Bugs—A movement is on foot in Carlinville to exterminate the chinch bugs in Macoupin county, if possible. W. P. Flint of Urbana, assistant state entomologist, who spent several months there last season directing the efforts of the farmers, is there again this season on the same mission. Some of the prominent men of Carlinville have agreed to pay at the rate of \$2 per bushel of chinch bugs destroyed and delivered to R. E. Chiles in Carlinville.

Asks \$100,000 for Schools—The Alton board of education has made a tax levy of \$100,000 to pay the expenses of the schools for the next year. It was stated it would be impossible to reduce the tax, because the salaries of some of the teachers had been advanced, aggregating \$3,000, and the school treasury had lost some income from the withdrawal of tuition pupils by neighboring school districts which had erected school buildings of their own, costing the school treasury \$2,500.

Chicago Theater Changes—The city of Chicago is undergoing the process of having a new theatrical complex applied to its features in the shape of new theaters of various capacities. At present there are operating in Greater Chicago a grand total of some 750 theaters, while at this writing there are now in process of construction 76 theaters, the majority of which will throw open their doors to the amusement public in the early fall, making a grand total of 826 theaters of all classes purveying to the amusement desires of Chicago's theater-going public.

Remodelling Peoria Station—When the extensive repairs and remodeling of the union station at Peoria, now under way, are completed, the Peoria & Pekin Union will have one the most convenient and best arranged union stations in the United States.

Joliet Deputy Warden Has Stroke—Deputy Warden Sims of the Illinois state penitentiary has suffered a stroke of paralysis occasioned by exposure and exertion during an all night hunt for Convict F. Russell, who escaped Wednesday. The attack came when Sims returned to the penitentiary after 24 hours with the posse. Russell is still at large.

NOTES FROM THE LABOR WORLD.

The lumber industry in the Pacific northwest employs 250,000 men.

The International Stereotypers & Electrotypers Union of America will hold its annual convention at Buffalo, N. Y., next week.

The annual convention of the Hotel and Restaurant Employees' International Alliance and Bartenders' International League of America will open at Denver, Colo., next Monday.

At Terre Haute, Ind., the United Powder and High Explosive Workers of America will meet on Tuesday of next week for their annual convention which is expected to last two days.

It is expected that within a short time an international union of elevator conductors and starters will be formed. Local organizations are being formed in many large cities and their membership is increasing.

A \$500,000 office building will be erected in the downtown district of St. Louis by the Order of Railroad Telegraphers to take the place of their present inadequate quarters. The plans for the building have already been approved.

The Bricklayers and Masons' International union promises to be the next to affiliate with the American Federation of Labor. A referendum vote is to be submitted soon and as the administration favors the affiliation it should carry by a handsome majority.

Joseph C. Colgan of Chicago, who went to Roanoke, Va., to conduct a strike for the Amalgamated Association of Street and Electric Railroad Employees, has started a daily newspaper and named it "The Square Deal."

Reports from Cincinnati state that the car men have organized a union in Covington, and also all interurban lines entering Cincinnati. Including the latter city, the union now has 3,000 members in that locality.

A law has been passed recently in New Zealand which makes a fine possible for any person that works more than eight hours a day. The law first was applied to women and girls working in hotels, but now it includes everybody. Each city and town in the island chooses a day for itself that gives to the working classes a half holiday. It may be Saturday or any other day in the week.

A new trade union has been formed in London, Eng., recently. It is named the Home Makers' Trade union and its aims are given as follows: To assist wage earners in their endeavor to obtain better wages and conditions; to insist as a right upon proper proportion of

men's wages to be paid to the wife for the support of the home; to improve in every way the status and condition of women.

An exhaustive inquiry into the conditions of labor for women in country districts is to be undertaken by a special commission in connection with the German Society for the Promotion of Working Women's Interests. The work will naturally occupy a considerable time, as the whole area of Germany is to be covered and the investigation will include domestic and housing conditions as well as industrial and agricultural.

A minimum wage of \$9 for all women and girls employed in interstate commerce work and a prohibition against the employment of girls under 15 years of age are proposed in a bill introduced by Senator Chilton of West Virginia. Under the terms of the measure it would apply to all women employed in transportation, telegraph and like interstate service.

OLD LEXINGTON TO CELEBRATE.

Lexington, Mass., June 7.—Lexington, famous as the scene of the first engagement of the American revolution, had donned gala attire in anticipation of three days' celebration of her 200th anniversary. The celebration will be ushered in tomorrow with church services and historical exercises. Monday will be Old Home Day and on Tuesday the celebration will conclude with a parade of the Lexington Minute Men and other military organizations, followed by a review on the battle green.

Got Everything in the Ground?

Not quite? Well isn't there something yet needed to help you to "farm properly" this year? How about a wagon. They can't beat us on quality or price, whether it's a wagon or a little hoe. We shall be pleased to show our stock and prove our claims.

South Main Street Jacksonville, Illinois

YOU FARMERS WHO PLAN TO BUY Cream Separators This Spring

The "UNITED STATES" is the closest skimming CREAM SEPARATOR made, and holds the WORLD'S RECORD

won in an open contest in which all separators were allowed to enter, embracing fifty consecutive runs, lasting over thirty days and covering milk from ten different breeds.

You would not expect to buy the best cow in a herd for the same price as the poorest cow. Neither would you sell your most productive cow at as cheap a price as your least productive cow. So it is with the United States Cream Separator.

The United States Cream Separator won the Grand Prize (Highest award) at Seattle, 1909, the Gold Medal at the California State Fair, 1911, the only award on cream separators at the Utah State Fair, 1912, while the dairy products of the U. S. not only won the Gold Medal at the National Dairy Show, Chicago, October 24—November 2, 1912, but have been awarded other Gold Medals, Silver Cups and First Prizes without number.

The daily work of the United States Cream Separator in the agricultural colleges and on hundreds of thousands of farms backs up its reputation as the closest skimming cream separator:

Prof. Haecker, of Minnesota Agricultural College, Says:
St. Anthony Park, Minn., Jan. 16, 1912.
We have used the United States Cream Separator at the Minnesota Dairy School of Agriculture for more than fifteen years, and we have always found them to be standard machines, not only doing first-class work, but very durable and rarely requiring repairs.
T. L. Haecker,
Professor of Dairy Husbandry, in charge.

Professor Mortensen, of Iowa State College, says:
Iowa State College, Ames, Iowa, Feb. 12, 1912.
We have operated one of the Interlocking Style and are pleased to inform you that we consider it to be a high class machine. It is operated with ease and is a close skimmer. It has in every respect given good satisfaction.
M. Mortensen,
Professor of Dairying.

Price \$25 and upward According to Capacity.

Old separators of all makes taken in part payment. :: ::

The 1913 model U. S. is operated with HALF THE POWER of Older Models

Important improvements have made the 1913 model United States Separator one of the lightest running cream separators made.

The skimming area of the U. S. skimming device has been nearly doubled enabling the latest models to skim practically twice as fast. This double capacity of the bowl has permitted the reduction of the bowl diameter nearly one-half without reducing the capacity. The bowl in the 1913 model United States is one of the smallest as well as easiest running used in separators.

Improved gear construction. The angle of the gear teeth determines the effectiveness of the power applied at the crank. A new slant in the gear teeth enables all the power applied on the crank to be used in turning the bowl. The weight of the handle alone starts the U. S. Separator.

Bear in mind that not only can any child or woman easily do the skimming with the light running United States Separator but that this quality is wholly due to improved construction and in no way to a weakening of its famous wearing qualities.

Ex-President National Dairy Show.

I do not see how one could get a better separator than the "United States" if they all work as this one does. I am satisfied with it in every respect and take pleasure in recommending it to my friends.
Colon C. Lillie,
Little Farmstead, Coopersville.

"Easiest Running Machine There Is"

I purchased a 1913 model United States Cream Separator of Banta Bros. and Company a few months ago, and it is the easiest running machine there is. The new bowl has the best skimming device made. I will further state that the new U. S. Separator can be cleaned in half the time needed to wash any other separator.
Mrs. Frank Loscher, Washburn, Ill.

Leading Wisconsin Farmer Says:

I am separating milk from thirty-six cows with one of your No. 14 Interlocking Separators and am very well pleased with the work it is doing. One thing that I am especially well pleased with, it is that it will separate its rated capacity, do good work and produce a uniform density of cream. It is very simple to operate and one of the easiest separators to wash and keep clean there is on the market. I certainly recommend the Interlocking Separator to any prospective purchaser.

T. E. Anderson,
Tomah, Wis.

Make More Money You are going to run some separator twice a day. If it does not skim clean you are not making all the money that actually belongs to you. If it is hard to run or difficult to wash you are doing unnecessary work for which you are getting absolutely no return either in money or satisfaction.

Free Offer before buying any separator why not take up with our FREE offer to give you a practical demonstration of 1913 model United States Cream Separator right at your home and personally try out our claims?

Remember this demonstration costs you nothing, carries no obligation to buy and is offered to get you acquainted with the big 1913 improvements in the U. S. Simply fill out and mail the coupon. Now is the time.

NEWS FORECAST FOR THE COMING WEEK.

Washington, June 17.—Saturday will be the 126th anniversary of the adoption of the stars and stripes as the national emblem of the United States of America. In accordance with a custom that has become general throughout the country in late years the day will be observed as Flag Day in the public schools, patriotic societies and various other organizations.

Thursday will be graduation day at the United States Military academy at West Point. Secretary of War Garrison will attend the exercises and deliver an address to the graduates.

Commencement exercises will be held during the week at Princeton university, the University of Illinois and many other educational institutions throughout the country.

The Hamburg-American line steamship Imperator, the largest vessel in the world, is scheduled to sail from Hamburg Wednesday on her initial trip to New York.

The Mississippi legislature will convene in special session Tuesday to consider issuing bonds of \$1,000,000 more, the funds to be devoted to levee construction along the Mississippi river.

Delegates from many countries, including the United States and Canada, will take part in the conference of the World's Alliance of Young Men's Christian Associations, which is to begin its sessions Wednesday in Edinburgh, Scotland.

Other notable conventions of the week will include the meetings of the Associated Advertising Clubs of America, at Baltimore; the National Association of Building Owners and Managers, at Cincinnati; the Northwestern Association of Dairy Officials at Bismarck, N. D., and the New York State Bankers' association, at Ottawa, Ont.

MR. AND MRS. SIMONS HERE.

Mr. and Mrs. Henry C. Simons, of Virden came up on Saturday, returning that evening.

Mr. Simons was a member of the class of '80 at Illinois college. Mrs. Simons belonged to that of '76 at Jacksonville Female Academy, and was here to attend the Athenaeum, Academy and Conservatory reunion in Academy hall.

Mr. Simons stated distinctly that he expected to attend Phi Alpha reunion.

The "Wonder Tour" through the Northwest

Have you ever been to Glacier National Park? Have you ever been to Yellowstone Park? Have you ever been to the North Pacific Coast? No?

Well, I would like to have the privilege of explaining how you can arrange a summer tour to include all three, stopping at Glacier on the way out and Yellowstone on the way back. It's the most interesting, fascinating trip in the world, and Railroad, Hotel and Stage facilities are so perfect now, that the trip is a joy from start to finish.

I would like to send you maps and pictures, and booklets describing these places, and I would like you to let me help you plan a trip and tell you all about the service and the cost. Will you allow me to do this?

ILLINOIS COLLEGE NOTES.

The baccalaureate services will be held at Westminster church. The sermon to the graduating class will be delivered by the Right Reverend Theodore N. Morrison, '70, of Davenport, Iowa. Members of the graduating class, trustees, faculty, alumni, clergymen, and present students, are requested to meet in the parlors of the church, promptly at 10:30. Seats will be reserved for the members of these various bodies who will participate in the procession.

All friends of the college are invited to the picnic supper on Osage Orange day, on Monday at 5 o'clock. Friends are expected to bring their own luncheon, but the college will provide free coffee for all. Arrangements will be made with a caterer so that ice cream may be purchased on the grounds.

The college ball team will play a game with the Millikin university team on the athletic field, Monday afternoon, at 3 o'clock.

All graduates and former students of the college, academy, atheneum and conservatory are invited to the alumni luncheon, in the college gymnasium on Wednesday. Friends of the college are also invited. Tickets may be secured at the Journal office, at the president's office, from Mr. A. T. Capps and Mrs. Arthur D. Fairbank.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

TRADING LISTLESS: NO DEMAND FOR STOCKS

**SPECULATORS DISAPPOINTED AT
ACTION OF MARKET.**

For a Time Some Important Stocks
Ranged Slightly Above Friday's
Close—Movement Was Narrow
and Irregular and Finally Declin-
ed.

(By Associated Press)

New York, June 7.—Speculators
who took the view that the rise in
prices yesterday, coupled with the
spirited buying, indicated that a
turning point had been reached after
the long decline were disappointed by
today's market. Trading was list-
less and there was no demand for
stocks as might have been ex-
pected, confidence in the outlook for
the market, compared with the early
days of the week, the market made
a favorable showing. There was
none of the previous heavy liquida-
tion or nervousness. For a time af-
ter the opening some of the impor-
tant stocks ranged slightly above
yesterday's close. The movement
was narrow and irregular and finally
became definitely downward. The
decline was influenced by the weak-
ness of Canning, which sold off the
points to 23 1/2, a new low figure.
Weakness of this stock was associat-
ed with a report that the federal
government would soon institute
proceedings against the company but
the report lacked confirmation.

Blood Poison On The Run

Remarkable Remedy That Drives Every Particle of Poison Completely Out of Your Entire System.

It is simply astonishing the way contagious germs scatter and leave your blood clean and pure.

Poison in the blood used to break out into the most unsightly sores, boils, abscesses and ulcers, but since the introduction of S. S. S. there is no more trouble. And even if it is only a slight attack it would eventually mean loss of hair, loose teeth, sore gums, mucous patches, copper spots and the most intense degree of agony, if S. S. S. were not used. Of course some cases of Contagious Blood Poison do not exhibit the extreme superficial effect but the trouble is they are apt to do so in just a day. The eyesight fades, the hair falls out, the bones become ulcerated, a thousand and one fierce, unsightly symptoms ensue and then there can be no question as to the nature of the disease. It is very unfortunate that so many sufferers lose all nerve, self control, and the first thing they do is to throw themselves into the clutches of those who take all their money, fill their veins and arteries with Mercury, Iodine or Potash, Arsenic or other mineral poisons and practically wreck their lives. S. S. S. will give your blood a complete bath, purify it, overcome the danger done by mineral drugs, soothe and strengthen your stomach and in every way restore you completely. Your blood will be rich, red and pure and will stand the most rigid blood test. Get a bottle of S. S. S. at any drug store and begin to cure yourself at once. For a book on Blood Poison or for private advice, write to the Medical Dept., The Swift Specific Co., 146 Swift Bldg., Atlanta, Ga. This is one of the greatest private laboratories in the world.

CONSERVATORY NOTES.

The Conservatory closed for the year on Saturday, June 7th. CLASS OF '88 OF ILLINOIS COLLEGE TO MEET.

Reunion Will Be Held Wednesday Evening at Colonial Inn and Joined by Members of the Class of '87—Brief History of Members.

Among the coming events at Illinois college the class reunion of the boys of '88 on Wednesday evening will be a noteworthy one. It being their twenty-fifth anniversary. The class has held three reunions since leaving the college—first in 1891, 1894 and 1898, respectively. The class of '87 will hold a joint reunion with the eighty-eights upon this happy occasion. The banquet and reunion will be held at the Colonial Inn.

It was June 7, 1888, when fifteen young men stepped out from the walls of old Illinois to carve a world for themselves in this busy world. Six of the fellows chose law, four decided to enter the educational field, two headed the Master's call to preach the Word, one embarked in the publishing business, one became a banker and later a manufacturer, and one became a business merchant in the Great Northwest.

History of Members.

The fellows lost little time settling down to their chosen calling, and were soon found in the four quarters of the country pursuing their life work. Catlin, now of the firm of Catlin & Powell, New York stock and bond brokers, took up law and practiced it a number of years in Chicago. Robert L. Cochran, associated himself with his father in business in West Duluth immediately after graduation and has become a prominent man in business circles. John E. Kehoe and Albert M. Cross have each established a good law practice in Chicago.

Alfred E. Day, whose return was mentioned yesterday morning, has seen nearly twenty-five years of continuous service as professor of sciences in the Presbyterian Synodical college at Beirut, Syria. R. J. Frackelton being of a business turn of mind, associated himself with his father in the D. S. Frackelton Banking Co., Petersburg. For nearly twenty years, however, he has been a member of the Chandler & Price Co., manufacturers of the celebrated Chandler printing presses.

William E. McElfresh won by his scholarship the chair of physics in Williams college in Williamstown, Mass., where he has been an honored instructor for about the same length of time. George L. Merrill opened up a law and abstract office nineteen years ago in rooms over the Journal office and moved to his elegant quarters in the Ayers bank building only a few days ago. He has been honored a number of times by his party with positions of trust and responsibility.

There is Dr. Harker, who has given forty years to educational work and for twenty years has been at the head of the Woman's college. His record has been a phenomenal one.

Frank Read, Jr., took up educational work with the deaf twenty-four years ago under the late Dr. P. G. Gillett, one of the foremost educators of the deaf in his time. Thomas Richardson's career as a publisher was cut short by the angel of death. James G. Russell took up a very important branch of the Presbyterian church work, that of establishing the weak churches in the state of Nebraska. Allan A. Tanner, minister, platform lecturer and student of social problems, has held several important pastorates, at present being pastor of the First Congregational church, Denver.

Harry J. McLaughlin located soon after leaving college and embarked in the fine stock business. His Percheron stock farm is near Doniphan, Neb. And last, but not least, George H. Wilson, who has made his mark as an attorney in Quincy and as a constructive statesman in the legislative halls at Springfield.

The reunion Wednesday evening promises to be an enjoyable affair, as a goodly number of fellows expected to be here, among the number being Day, Harker, Kehoe, McLaughlin, Merrill, Read, Russell, Tanner, Wilson. These with the boys of '87 ought to keep things hot. McElfresh and Day expect to be here if they find they can get away.

RAY BRACEWELL WINS PRIZE IN ANNUAL ORATORICAL CONTEST

Will Represent Illinois in State Meet at Carlinville This Fall.

Ray Bracewell was awarded the honors in the annual oratorical contest at Illinois college held Saturday evening, and as a reward will represent the college in the state contest to be held at Carlinville this fall and received the Hall prize.

After the decision of the judges it was announced that Mr. Bracewell was awarded first in both thought and composition and delivery, but after the marks of the judges were gone over it was found that while Mr. Bracewell was awarded first in thought and composition, Edward Bullard won first in delivery.

Mr. Bracewell's average was such that he was awarded first place. By a vote of faculty he was also awarded the Hall prize, as there were no juniors entered in the contest. The judges on delivery were Prof. W. A. Gore, Thomas Worthington and Prof. G. W. Taylor.

The contestants and the order in which they appeared were:

Ray Bracewell—"Our National Trust."

Clarence Kimmel—"John Marshall."

Reuben Cohn—"New Ideals."

Edward Bullard—"Peace."

MUST SHOW CAUSE FOR REFUSAL.

St. Louis, June 7.—Insurance Commissioner Revelle on Monday will issue citations against the fire insurance companies that have ceased writing policies in Missouri to show cause for their refusal to issue insurance in this state. The companies will have ten days under the citation to show why their Missouri licenses should not be revoked.

Insurance Commissioner Revelle today said the inability to get insurance is felt more in rural communities than in the large cities. Country banks, he said, have foreclosed mortgages because borrowers have been unable to obtain a renewal of insurance on mortgaged property. He added:

"I intend to revoke the charter and license of every insurance company doing business in Missouri if the assurers decline to carry out their obligations."

MARSHALLS ARRIVE HOME FOR VISIT.

Indianapolis, Ind., June 7.—Vice-president and Mrs. Thomas R. Marshall arrived this afternoon for their first visit at home since the inauguration. He said the job of being the second highest officer in the land "is very pleasant."

While in Indiana, the vice-president will make several addresses, chief among these being a speech accepting for the state a bronze bust of Colonel Richard Owen, presented by confederate soldiers who were war prisoners at Camp Morton in 1862, when Col. Owen was in charge. The bust will be unveiled in the state house corridor Monday. Mr. Marshall has a slight cold which he contracted last night on way from Nashville, Tenn.

CONFERENCE ENDS.

Salt Lake City, Utah, June 7.—With the adoption of a declaration of principles and the selection of officers and Denver as the next meeting place, the conference of Western governors came to an end here this afternoon. The declaration of principle, expressed the belief that the jurisdiction of the state should extend to all of their territory; the taxing power to all their land and "their political power and influence be thereby secured."

Governor Carey of Wyoming and Governor Ammons of Colorado were elected president and secretary, respectively.

BOAT MAY BE CALLED OFF.

Los Angeles, June 7.—The Ad Wolgast-Johnny Dundee bout scheduled for Vernon arena next Tuesday night, may be called off. While boxing today with one of his sparring partners Wolgast severely injured his left thumb, a member which has caused him much previously trouble. The pain was so intense that he was hurried to a physician who recommended that Wolgast's fight with Dundee be called off and the former champion remain out of the ring for six months. Wolgast decided upon further thought before conceding the point.

MORGENTHAU DECLINES.

Washington, June 7.—Henry Morgenthau, the New York lawyer, to whom President Wilson offered the post of ambassador to Turkey after a long conference with the president today declined the post. Neither white house officials or Mr. Morgenthau would discuss his declination but it was understood that he did not feel willing to give up his practice in New York.

PROHIBITS CHINESE.

Panama, Republic of Panama, June 7.—Belisario Borras, president of Republic of Panama, today signed a decree prohibiting, in the future, the naturalization of Chinese in Panama.

The census taken in 1911 showed 2,313 Chinese on the Isthmus, 483 of whom were native born or naturalized within the last two years.

GETS HEAVY SENTENCE.

Pierre, S. D., June 7.—Four months in jail and three hundred dollars fine for maintaining a Kelly pool game was the punishment imposed here today on George Griffin, a billiard room proprietor. Judge Sherwood in the circuit court held that Kelly pool is gambling under the law of this state.

K. C. TEAM CHAMPION.

Juneteenth City, Kan., June 7.—The Kansas City polo team today won the middle-west polo championship by defeating the sixth artillery first team by a score of 2 3-4 to 1 3-4. The playing of the Kansas Citizens was brilliant, especially in the latter portions of the game.

PHI ALPHA TRIENNIAL WILL BE HELD TUESDAY NIGHT

Hon. G. W. Govett of Quincy Will Act as Toastmaster.

Elaborate preparations are being made for the Phi Alpha triennial which will be held Tuesday night in the Illinois college gymnasium at 6:30 o'clock. An informal social gathering will be held at 6 o'clock in Beecher hall, according to the usual custom. The committee in charge is making special efforts to have a large attendance and already a number of old men have signified their intention of being present. It is also expected to have Hon. William Jayne of Springfield, the only living founder of the college, present. Plans are also being made to have every member of the society living in Jacksonville and Morgan county around the festival board.

Among the speakers will be Rev. E. D. Martin, A. A. Paxton, Dr. Edward Capps, Samuel Baxter, Clayton Barber, G. H. English, A. E. Day, E. Bentley Hamilton, President C. H. Rammekamp.

Among those who have written that they will be present are Thomas W. Smith, H. A. Campbell, A. H. Hinman, Ira Underwood, Hugh M. Wilson, R. H. Macemson, J. J. Bergen, W. F. Brown, Edward F. Goitra, F. M. Drury, Edward P. Vail, Edward Clifford, Willard Bartlett, Edmund Doocy, M. B. Kepling, J. B. Sinclair, B. A. Campbell, Henry Simons, F. P. Cowdin, Victor Nelson.

SELLING MORGAN COUNTY OIL

Frank Byrns and others associated with him are pushing the sale of crude oil from their Morgan county oil wells as an aid to farmers in killing lice on hogs. Crude petroleum has for some time been known as the best treatment for this trouble among swine and its use is growing. The Morgan county men have sent literature to farmers and stockmen all over the state and are making regular shipments. The oil is excellent for lubricating all kinds of machinery used on farms. Years ago it would have been considered unbelievable that petroleum could be shipped from Morgan county but the indications are that Mr. Byrns will build up quite a business in this line.

WILLIAM BROWN SAID TO BE SLATED FOR GOOD CHICAGO JOB

President Will Offer Him Post as Naval Officer in Big City—Salary is \$5,000 Yearly.

An Associated Press dispatch from Chicago last night indicates that William Brown, Jr., formerly of this city and for a number of years a Chicago lawyer, has been offered appointment as naval officer at Chicago. The position carries a salary of \$5,000. Mr. Brown has all along been counted as in the lead for something good from the president. He allied himself with the Wilson campaign in its incipency and took an active part in the campaign in Illinois. In addition to this he is a brother-in-law of Edward Goitra, member of the Democratic national committee and close friend of President Wilson. The dispatch quoted was as follows:

"It was reported today that the post of naval officer at Chicago is to be offered to William Brown, formerly of Jacksonville, Ill. Deputy Naval Officer Torbet is about to resign."

"Brown's endorsers are said to include Secretary of State Bryan, who studied law in Brown's father's office in Jacksonville. Brown was secretary and treasurer of the First Wilson organization in Illinois. Reports from Washington are that Secretary Bryan has not yet discussed the appointment with Senator Lewis."
